Flu shots

The Hancock County Health Department flu and pneumonia shots will be available on Mondays and Wednesdays from 8 a.m. to 3 p.m.

Flu shots will be \$6 and pneumonia \$12. There will be charges for all except Medicare and Medicaid eligibles.

If there are any shut-ins or handicapped people who can't come to the Health Department, please call 467-4510.

Public Safety Day Reset

The City of Bay St. Louis has rescheduled its annual Public Safety Day for Saturday, Oct. 17, 10-2 p.m. on the grounds of the historic Depot. The event has grown significantly from its debut in 1997.

New partners, Hancock Medical Center, Coast Electric Power Association and the Exchange Club, have joined the city in presenting programs and activities to help citizens protect themselves, their families and their property.

For information about Public Safety Day in the Bay, call 463-7120.

Food Pantry in need

Responding to the needs created by Hurricane Georges has exhausted supplies at the Hancock County Food Pantry, 508 Ulman Ave., according to Aileen Sauzer, director. The pantry is asking for donations of canned goods, food staples and other items to replenish their stock.

The pantry's history has been one of strong support for the needs of the county.

In early 1986, a group of members from area churches met and made plans to open a community food pantry. The purpose was to provide food to families facing an emergency such as the loss of a job or illness.

Countywide clean up begins Monday

BY ED LEPOMA

The storm clean up begins in Hancock County Monday.

The Board of Supervisors met in recess session at 1:30 p.m. Friday and awarded six separate contracts to four area firms, so the pickup of tree stumps, limbs and leaves can begin in earnest, and the city streets and county roads can finally be cleared of debris from Hurricane Georges.

Supervisors, working under an inter-local agreement with the mayors of Bay St. Louis and Waveland, solicited clean-up bids from "any and all interested firms" earlier this week and gave parties until noon

Friday to submit sealed bids. The bids were publicly opened and read in the supervisors meeting room in the county courthouse, and there were more than 50 people on hand when the bids were read by county attorney Gerald Gex.

In all, 17 firms from as close to home as Picayune and from as far away as Florida and Georgia submitted bids, but Moran Hauling of Kiln was the first opened and was immediately disqualified because no figures were submitted with the bid.

Board of Supervisors President Philip Moran shook his head, and said, "Somebody's

going to lose sleep over that tonight."

After taking all bids under advisement, the supervisors and other officials of the two cities went into executive session briefly to tally the bids, then came out about half an hour later to award the contracts.

For bidding purposes, the county was divided into six separate areas, and each firm was invited to bid a lump sum for cleaning the entire county or to submit individual bids for a particular area.

Smith Leasing and Equip-

CLEANUP - PAGE 12A

Debris to be removed

Tree stumps, limbs and leaves are piled up 10 feet or higher in some sections of Hancock County. This pile sits on Beach Boulevard near Breath Lane. Contracts have been let to haul off the debris from Hurricane Georges and take it to pits for burning, and all contractors are expected to begin the cleanup Monday. (Echo staff photo by Ed Lepoma)

Corps to pick up sewer repair tab

BY ED LEPOMA

There was good news all around for Hancock County's Water and Sewer District.

Meeting in regular session Thursday, Administrator Pam Gauthreaux told Commissioners that the U.S. Army Corps of Engineers had met with her, and has offered to pick up the tab for damage to the sewerage system caused by Hurricane Georges.

Gauthreaux said the Corps instructed her to notify area firms, so they will be able to bid on the repair work, and that repairs should proceed 30 days after they are awarded the contract and given the notice to begin.

Bids will be solicited to repair a washout around the sewage grinder pump and fill it in with black sand at 6601 S. Beach Boulevard; to remove and replace a grinder pump motor located in a trailer park on Blue Meadow Ridge Drive in Waveland; to remove and replace a blown pump basin lift station at 147 Helen Drive near Waveland; to excavate and repair a broken sewage line at 11026 Idaho Street in Shoreline Park; and to provide a new sewage pump truck to intercept the flow to sewage lift

station located at the Chapman Road storage facility.

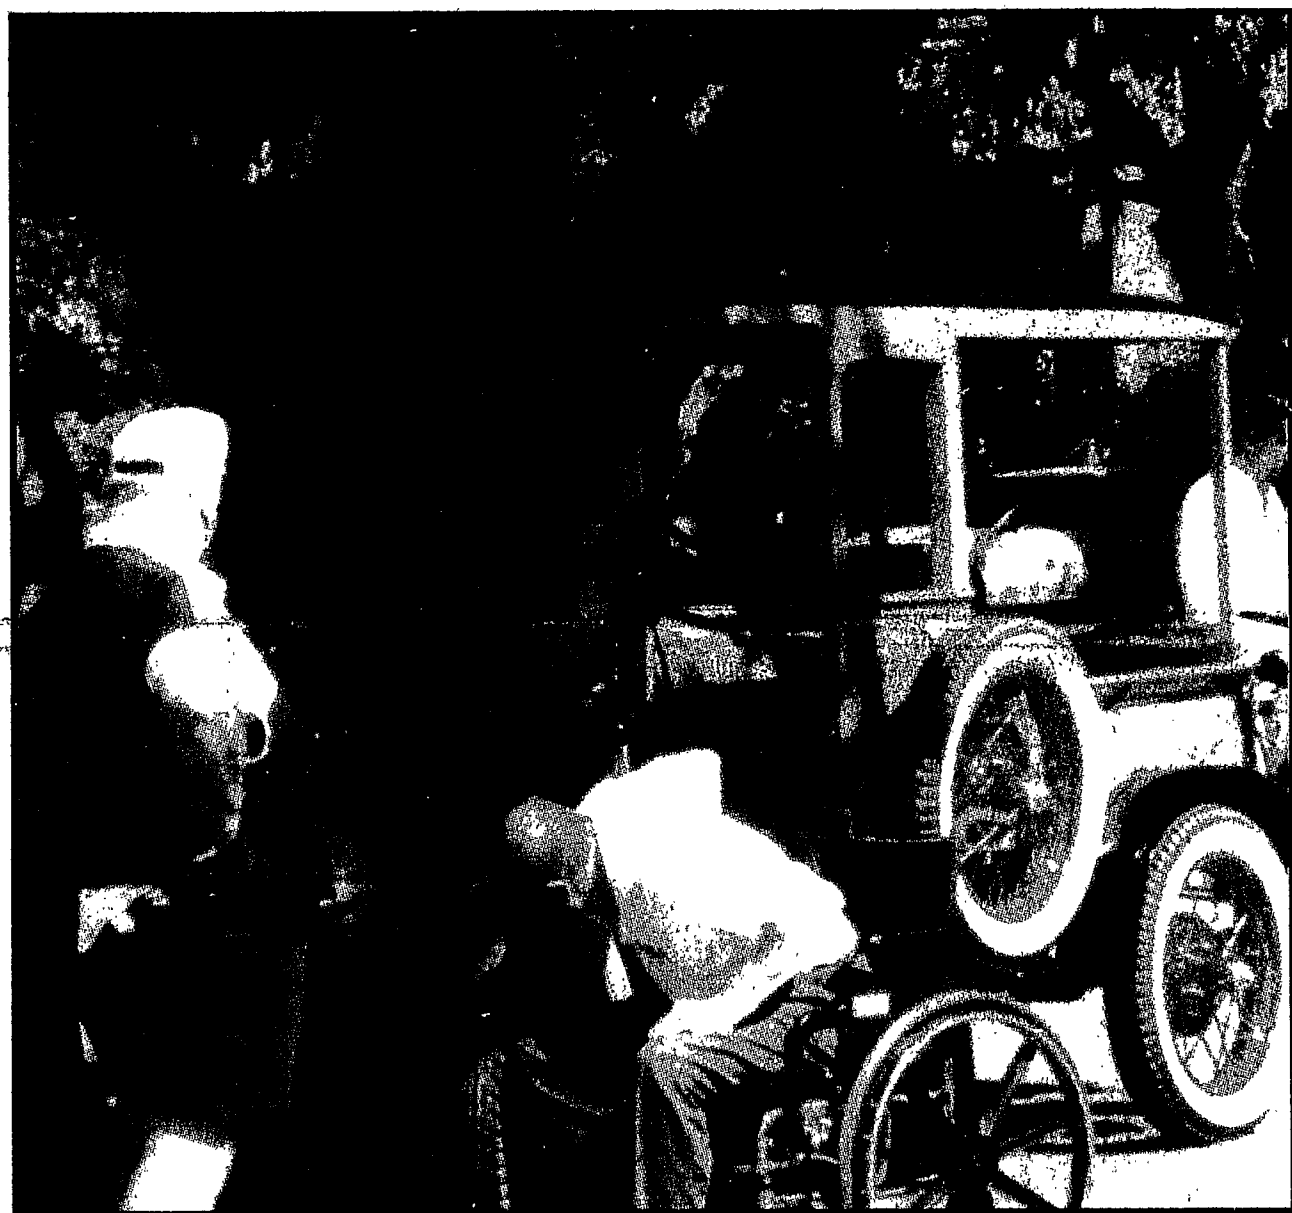

The District opened sealed bids on a project to bore under Hwy. 603 at Tigris to allow sewerage lines to be extended to a trailer park and muffler shop on the east side of the highway. Bowie River Construction of Ellisville submitted the apparent low bid, but the contract will be awarded at a future meeting after consulting engineer Duke Levy checks the three bids that were submitted on the project.

Gauthreaux said the businesses will share in the cost of the sewerage extension.

Levy also briefed Commissioners on the status of the sewerage extension now underway in Shoreline Park, and he said, "We're making great progress," and there was no problem with Colom Construction, which is laying the pipes. So far, 80 to 85 connections have been run past homes, he said.

Gauthreaux also announced that the state Department of Marine Resources was cutting a check this week for \$22,000 to help pay for the facilities plans needed to file loan appli-

REPAIRS - PAGE 12A

Checking it out

Hundreds of people and hundreds of vintage cars lined the streets in Bay St. Louis Friday for the third annual Cruisin' The Coast celebration. Beautiful fall weather contributed to the large crowds that came downtown. Festivities continue throughout the weekend all across the Gulf Coast. (Echo staff photo by Ed Lepoma)

Steady stream of needy visits Civic Center

BY ED LEPOMA

There weren't hundreds of people crammed into Hancock County's Disaster Relief Center this week, but business was steady.

The Echo visited the center, set up at the Civic Center on Longfellow Drive, around 11 a.m. Wednesday and was greeted by Lynn Keating, Public Affairs coordinator with the Federal Emergency Management Administration (FEMA). At that time, there were about 30 people talking with representatives offering various forms of assistance.

"We'd like to tell people this is a one-stop shop," said Keating. Various state and federal people were behind tables with signs posted on the temporary wall dividers displaying what kind of help is available.

Keating said there were about 50 people processed at the center on Wednesday, the first day of operation, and about 21 had been processed Thursday morning.

"The most pressing problem seems providing temporary housing," said Keating. She said some people whose homes have been damaged have been living in their vehicles, while others are living with friends and relatives or staying at their places of business.

Many of them can't go back into their homes yet, Keating said, because power lines are still down or trees have to be removed off their roofs.

"There is money available for temporary housing," said Keating. "People shouldn't hesitate to ask."

CENTER - PAGE 12A

Help available

Hancock County's central Relief Disaster Center is open at the Civic Center on Longfellow Drive from 8 a.m. to 7 p.m. seven days a week. Federal, state and volunteers with relief agencies are on duty to lend any kind of assistance to residents and businesses who suffered losses during Hurricane Georges. (Echo staff photo by Ed Lepoma)

MARY E. PRICE
JOHN STANSBERRY
ALDEN W. STEEN
ISADORE WILLIAMS JR.

DORIS GIVEANS
 Doris A. Bennett Giveans, 73, died Friday, Oct. 9, 1998 in Slidell.

A native of Pearlington and a homemaker, Mrs. Giveans was a member of the First United Methodist Church of Pearlington.

She is preceded in death by one grandchild.

She is survived by her husband, Isadore J. Giveans, Jr., of Pearlington; two sons, Wayne J. Giveans of Pearlington and Larry T. Giveans of Waveland; and four grandchildren, and four great grandchildren.

Visitation is at 1 p.m. today, Oct. 11 in the First United Methodist Church in Pearlington. Funeral service will be Monday, Oct. 13, 1998 at the church at 1 p.m., followed by burial in the Pearlington Cemetery under the direction of McDonald Funeral Home.

HETTIE RUTH JARRELL
 Hettie Ruth "Aunt Ruth" Burge Jarrell, 87, of Bay St. Louis died Friday, Oct. 9, 1998 in Bay St. Louis.

A native of Pearl River County and longtime resident of Bay St. Louis, she was a member of the First Baptist Church and was owner of apartment complexes before her retirement.

She is preceded in death by her parents, William Thomas and Virginia Strahan Burge; a son, Clemon James (Jimmy) Moody; and seven brothers, Richard Ray, Vincent, John Her-

man, Carl "Red", James, Emmanuel and Simmie Burge. She is survived by one sister, Elizabeth Like of Bay St. Louis; one grandchild and a number of nieces and nephews.

Visitation will be at 7 until 10 p.m. Monday, Oct. 12, 1998 at the Edmond Fahey Funeral Home in Bay St. Louis.

Funeral service will be Tuesday, Oct. 13, 1998 at 1 p.m. in Burgetown Church, Burgetown where friends may call two hours prior to service time. Burial will follow in the Burgetown Cemetery under the direction of Edmond Fahey Funeral Home.

MAE JOPES

Miss Mae Jopes, 98, of Slidell died Saturday, Oct. 10, 1998 in Picayune.

Miss Jopes is a native of Logtown and was a public school teacher mostly in the Picayune School District. She was a member of Calvary Baptist Church in Slidell where she had resided since 1963.

She is survived by two nephews, Terrell Jopes of Picayune and Joseph Jopes of Redondo Beach, Calif.; four nieces, Sylvia Sanders of Tallahassee, Fla., Barbara Garrett of Slidell, Elaine Cox of Winter Have, Fla., and Dorothy Mae Miller of Tullahoma, Tenn.

Visitation will be from 9:30 until 10:30 a.m., Monday, Oct. 12 in the McDonald Funeral Home in Picayune. Burial will be in Logtown Cemetery in Pearlington under the direction of McDonald Funeral Home.

The family requests memorials be made to Calvary Baptist Church, 1815 Old Spanish Trail, Slidell.

MARY E. PRICE

Mary E. Price, 93, of Pass Christian, died Thursday, Oct. 8, 1998, in Gulfport.

Mrs. Price was a retired Pickle Factory employee and was a member of Riverside Baptist Church in Long Beach.

Survivors include her husband; two daughters, Faye Dubuisson of Pass Christian and Doll Price Marti of Ocean Springs; a brother, Jessie Breland of Bay St. Louis; six grandchildren and 12 great-grandchildren.

Visitation was Saturday at Moore Funeral Home in Wiggins. Services will be conducted 2 p.m. today at the funeral home chapel with burial in Ten Mile Cemetery in Wiggins.

JOHN STANSBERRY

John Stansberry, 47, died Thursday, Oct. 8, 1998, in Pass Christian.

Mr. Stansberry was sent from Riemann Funeral Home in Bay St. Louis to Mothe Funeral Home in New Orleans for services and burial.

ALDEN W. STEEN

Alden W. Steen, 88, of Pass Christian, died Tuesday, Oct. 6, 1998, in Long Beach.

Mr. Steen was a native of Boston, Mass. and had been a Pass Christian resident since 1957. He served as a Captain in the U.S. Army Air Corps, where he won a medal for bravery. He retired from Mississippi Power Company after 24 years and was a member of IBEW, and the VFW and was a Congregationalist.

He was preceded in death by a daughter, Selene Levanway; a brother and four sisters.

Survivors include his wife, Ethel McDonald Steen; two sons, Frank A. Steen of Biloxi and Alden H. Steen of Long Beach; two sisters, Helen Tuttle of Maine and Joanie Steen; and five grandchildren.

Visitation was Friday at Rie-

mann Funeral Home in Long Beach followed by services in the funeral home chapel and burial in Long Beach City Cemetery.

ISADORE WILLIAMS JR.

Isadore Williams Jr., 66, of Bay St. Louis, died Tuesday, Oct. 6, 1998, in Bay St. Louis.

Mr. Williams was a native of Opelousas, La. He was preceded in death by his parents, Isadore J. Williams Sr. and Era Lois Gates Williams; and a brother, Donald L. Williams.

Survivors include a brother, Ken Williams of Bay St. Louis.

Visitation was Friday evening at Riemann Funeral Home in Bay St. Louis. Services were conducted Saturday at the funeral home chapel with burial in Lakeshore Cemetery.

Terrific

Students named Terrific Kids at North Bay Elementary School in August include, front row from left, Veronica Zingatelli, Raine Davis, Sam Tenney, Dylan Deano, Jonathan Mirandy; back row, Andrew Davis, Leann Williams, Breanna Goff, Jessie Lewis, and Dassi Lanfranchi.

Students invited to attend annual Academy Day in H'burg

Congressman Gene Taylor invites all seventh through 12th graders with an interest in attending one of the nation's service academies or receiving an ROTC scholarship, along with their parents, to the Fifth Congressional District Academy Day in Hattiesburg.

The annual event, sponsored by Taylor, will be Saturday, Oct. 31, at the University of Southern Mississippi Student Union Building, 2701 Hardy Street.

Registration will begin at 8 a.m. with a program from 8:30-noon. This will mark the seventh anniversary of the event, where more than a dozen service academy and ROTC representatives will be available to meet with students.

Taylor said the purpose of Academy Day is to introduce South Mississippi's youth to the opportunities and challenges of the nation's service academies or a career in the Armed Services.

Representatives of the Coast Guard, Navy, Air Force, Merchant Marine, Army and ROTC will be there to answer any questions a parent or youth may have about entrance into the academies or a career in the military service in general.

For information, contact Jerry Martin at Taylor's Hattiesburg office at 601-582-3246 or 1-800-273-4363.

Long Beach High plans class reunion

Long Beach High School Class of 1989 will have a class reunion meeting Sunday, Oct. 18 at 2 p.m. at 466 Klondyke Road in Long Beach.

Those who need direction or information, call Jennifer Ladner Fava at 228-864-4446 or Jennifer Felder McLaughlin at 228-864-8277.

USM all-girl sport clinics coming this fall

The University of Southern Mississippi will conduct five all-girl sports clinics during October and November, focusing on softball and soccer.

Three softball clinics will be held Oct. 27, 31 and Nov. 7 at the USM softball complex. Two soccer clinics will be held Oct. 24 and Nov. 14 at the USM soccer complex. All sessions will be held 9:30 a.m.-1 p.m.

The five clinics are sponsored by the USM School of Human Performance and Recreation and the USM Athletic Department, under the auspices of the National Collegiate Athletic Association. Dr. Gregg Bennett, an assistant professor of HPR, will direct the clinics.

Bennett, who joined the USM faculty last year after earning a

doctorate at Auburn University, said the program for all clinics will include an hour-long "chalk talk" concerning issues that deal with the social development of women.

The discussion will be led by USM instructors, female athletes and coaches.

The clinics are open at no cost to female athletes between 10-16, but each clinic will be limited to 50 participants.

Each participant will receive a free meal and insurance.

Parents are asked to drop off and pick up children at the soccer and softball complex sites. Transportation is available for school groups.

For information or to register, contact clinic secretary Jewel Adams at 266-5386.

REFLECTIONS ON LIFE

By Father Jerome LeDoux, SVD

A brass band in church? Unmistakable sounds shattered the Sunday laid-back atmosphere of the Mass offertory. Following a brief lull and a few moments of confusion, the New Birth brass band sashayed up the right aisle, instruments blaring.

Entering the sanctuary, the band completed its procession, then launched into "Just a Closer Walk," first in dirge beat, then upbeat. To say the least, they commanded attention and put everyone into the rhythm of gospel movement.

A blaring brass band was hardly anything out of the ordinary here in Treme, the first point of spillover from, and so the first suburb of, original New Orleans, the French Quarter. After all, this is the epicenter of the birth of jazz.

Treme is the hottest venue in town for any spontaneous or planned brass band parade, quickly and invariably supplemented by eager second-line strutters who fall in at random. Such images ran through our minds during the Sunday Mass.

Is a jazz Mass, sandwiching a brass band appearance, a distraction from the sacred, prayerful atmosphere of church, especially during Sunday worship services? We here at St. Augustine church believe quite the opposite is true.

Religion, which is our bonding with God, and worship, which is our communication with God, are clothed best in the culture, the language and expressions which are closest to, most meaningful to and most comfortable to each one of us.

Jazz-oriented gospel music garnished by a brass band may not be the culture, the idiom or the exciting and meaningful mode of expression for most church congregations, but it is definitely what fits the history and gumbo makeup of Treme.

Here at St. Augustine, we are always shadowed by the spiritual presence of slaves who had exclusive rights to the two rows of outer pews for worship, beginning with our Oct. 9, 1842 dedication until the 13th Amendment's enactment in 1865.

We, as all of Treme, are further shadowed by the history and images of homesick Africans who regularly visited, sang, played and danced several blocks from here at Congo Square.

Rooted in the Negro spirituals, which in their turn sprouted from the Bible via the ordeals and sufferings of the slaves, the jazz sound is at home in black culture. More, it resonates amazingly in many people of other cultures.

In any case, the end and joy of celebrating God and life in one's own idiom and culture is to be alive to God. The "God is dead," moans of 35 years ago actually amounted to our being "dead," or not alive to God.

We are most alive to each other when we communicate with one another in our most comfortable and most meaningful language, idiom, custom, food, music and personal expression. It lends excitement and joy to everything we say and do.

Of course, African-American culture has no exclusive rights to the expression of culture in its own idiom and customs. To the contrary, each person anywhere should always have the right and means to worship God in one's own idiom.

The ultimate effect of celebrating God and life in one's own idiom and culture must not be a chauvinistic, elitist conviction that one's own culture is best. Rather, it should be an ever deeper respect for the cultures of all peoples.

We are most alive when using our personal gifts from God.

"CUEVAS" QUOTES

By Ellis C. Cuevas

We were lucky! That was the first message I received after Hurricane Georges passed through Hancock County.

I was thousands of miles away near Christmas Island when I was able to make contact with my sister-in-law, Mabel Monti, late Monday via telephone.

The same message, "We were lucky," I received from Randy Ponder on Tuesday, when I was finally able to reach him at the Echo's office. When the power is down, our office telephones are out of order.

Jane and I got on a plane in Los Angeles, and I was presented a hat by a stewardess, who said she was told by a guy in the back to give it to the person who just got on in a Hawaiian shirt.

Anyway, it was a Monti Electric cap. The stewardess said we still had a few minutes if I wanted to go talk to him.

The first people I made personal face-to-face contact with from the Bay were Joe and Billy Monti and their sister Mimi Heitzmann. This was on Wednesday, Oct. 7, in Los Angeles. They too said we were lucky. The same sentiments were conveyed by Rick Eagan whom we met on our third leg home on a flight from Dallas/Fort Worth.

The above folks are well aware what really could have happened during the hurricane, as they were survivors of Camille in 1969.

To newcomers it may seem that we have had lots of damage, and true we did have moderate damages to our community, yet it could have been much worse.

There is no question about us being lucky. From the reports I have received, the residents of the community were generally well prepared for the worst.

Many fled the area, which was very wise. It is hoped if ever a threat occurs again, the same preparations will take place.

Hurricanes are threats we have to be aware of and be prepared for. It's the price we pay for living in such a precious community.

I have been here a very long time, and I cannot recall Hancock County ever being under three hurricane warnings within a month's period.

Our vacation was something we planned since January, and believe me, Jane and I were very worried about Georges during the first part of our vacation.

Before I forget, I want to really commend Randy and the entire Echo staff and also our carriers for the outstanding job they did while I was away during such a crisis.

It was great for Jane and myself to get out of town for a few days. It was a trip to celebrate our 35th anniversary a few months after the fact.

We boarded the Crown Princess in Honolulu and visited Nawiliwili, Kauai the next day.

The following day we were at Lahaina followed by Hilo, Hawaii.

As we left Hilo, the Crown Princess stopped just one mile off Lava Point or Kalapana Point to view the lava flowing into the ocean.

This was something to view. I have seen it on television, but it is nothing like seeing it as an eye witness at night.

We then proceeded to Christmas Island, Bora Bora, Moorea and Papeete.

We passed the Equator into the Southern Hemisphere at 1 a.m. on Oct. 1.

All together on the 12-day cruise we traveled over 3,200 miles on the Crown Princess.

Although we did not go as a group, on the same vacation were Conrad Mauffray, Donald and Charlotte Mauffray, Lawrence Freeman and Bob McClure.

It is always great to get away from home for awhile, but after several days it is great to get back home, too.

There are times when the best plans go astray. Case in point, prior to taking my vacation, I proceeded to write my column for each issue. This has been a normal procedure for me over the years.

Guess what. The majority of items I commented about were canceled due to Hurricane Georges.

I missed my column in several issues, and this was really the first time ever for this to happen other than when I was hospitalized for several weeks in 1995.

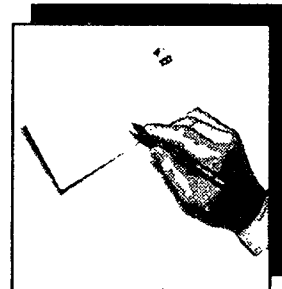

Letters Welcome

The Sea Coast Echo welcomes comments from its readers on subjects of general interest. Letters must be signed and include address or phone number so that the sender can be contacted by the newspaper if necessary. Letters should be brief, preferably type-written and double spaced, and conform to standards of good taste. Only one letter per writer per month will be published. The editor reserves the right to edit or reject letters.

Letters of thanks, expressions of appreciation and political endorsements are considered inappropriate for the *Letters to the Editor* columns.

LETTERS TO THE EDITOR

Kingston explains why he is not seeking re-election

To the Editor:

I would like to take this opportunity to thank all the employees of the City of Waveland for their sincere and conscientious endeavors to ensure the City of Waveland lives up to the motto "The Hospitality City."

Our city employees are by far the most dedicated and proficient folks I have had the pleasure to work with. Maybe in the not so distant future I will again be honored the privilege of working with these fine folk.

Next, I would like to thank the citizens of Waveland and especially my constituents for affording me not only the opportunity, but the honor and privilege, of serving them for four years as their alderman.

Why am I not seeking re-election? At this time in my life, I chose to spend the time that I would have been spending with city affairs with my family. My family, the reason why I pursued this position four years ago, to help my community develop, grow and prosper.

This announcement comes at the close of the deadline to qualify to run as a candidate in the next election for this city. I chose to wait until the close of the qualifying to announce whether or not I would run for re-election.

If for any reason I felt that the candidates who have now entered into the race were not qualified or capable of continuing to see the City of Waveland through this tremendous period of growth and progress, I would feel obligated and compelled to try my hand again as your alderman.

However, the two young gentlemen, Charles Piazza and Santo Saucier Jr., who have qualified as Democrats for the first primary, are in my book capable of serving as your aldermen. Both are born and raised in this community and are vying for this position because they both have the same interests at stake, their family and their community they so love.

Please remember one thing when you go to the polls to vote. The local natives of this community who are entered into this race have more at stake, more on the line and will serve you with the utmost of sincerity and honor. This community has a unique ambience of family. If you live or work in the City of Waveland, you belong to an honorable family.

While I have your attention, I would like to remind those of you who know and inform those of you who do not know. The board of aldermen is a legislative body to set laws, policies and ordinances. The board of aldermen is not to be involved with or interfere with the day-to-day affairs of the city.

This duty is charged to the mayor. If you have a need or a want, you should be able to see your mayor, the only member of the board who is available at City Hall every day. If your mayor is not responsive to your needs, then you should contact your alderman.

One more topic of concern. Why did I vote "no" for the new 1998-99 budget? The "Animal Shelter's budget" has become a "runaway" train. Too much of our tax money is earmarked for animal control. What is animal control today in this county? Hundreds of animals scooped up for a brief stay at the shelter and then put to sleep.

We need tougher laws requiring the registration of domestic animals. Animal owners must be held accountable for the care of their pets and/or the cost of what takes place at the animal shelter.

I would like to see the Humane Society take control of this county's animal shelter. The members of the Humane Society are true advocates of animal care. Who would better police this "out of control" situation?

Sincerely,
Al Kingston Jr.
Waveland Alderman
Ward 4

Reader feels party lines should be followed

To the Editor:

We believe that being a member of a party, Democratic or Republican, is like being a member of a family.

If the family or a member has a problem, then all members should work together to help solve the problem, not turn their backs on them like Congressman Gene Taylor has done many times, voting with Republicans. Even now (9/17/98), he was the first Democrat to sign on a Republican resolution that calls on the House Judiciary Committee to begin an impeachment inquiry against the Democratic President, Bill Clinton.

Is Congressman Gene Taylor a true Democrat? Perhaps Congressman Gene Taylor would be happier to change parties and become a Republican.

We senior citizens do vote on everything!

Thank you,

Poetically Speaking

Poetry Copyright 1998

Bay St. Louis

October

October gave a party to celebrate the fall.
She said, "I like this season. It's my favorite one of all."

A party must have guests, so she invited all the leaves around.

To come to her party when they fell to the ground.

Then one windy October day all the leaves came tumbling down.

The wind had done its very best to help October's party to become a big success.

Hurricane hospitality appreciated

Dear Editor,

I know we hear a lot about negative situations, but this is quite the reverse.

This was my first experience with a hurricane, being a native of Great Britain. People there cannot imagine what it's like, as fortunately they don't have hurricanes there. Bad weather, yes, but nothing like the damage, etc., a hurricane can do.

The way people rallied around one another during Georges was a big booster to me, to know neighbors, etc., in the true sense of that word, do still exist.

Myself and some friends evacuated to the Waveland Holiday Inn during Georges, and I'd like

to comment on how the entire staff there was absolutely marvelous. Nothing was too much trouble for them to see to their patrons, and after very little sleep, I'm sure, they were serving over 100 Power Co. personnel at 5 a.m. with what breakfast they could muster (no delivery of supplies), and then feeding patrons best they could under the circumstances.

All the staff members at the Inn are to be commended on what a wonderful job they did, and I'm very grateful to them all.

Sincerely,
Mrs. C. Wright
Bay St. Louis

Waveland resident says Sheriff's Deputies need equal pay

To the Editor:

After reading the Sea Coast Echo and hearing so much about the small salaries our Hancock County Sheriff's employees make, I wanted to express my personal feelings on the matter.

Our supervisors are unable to find funds to pay them more than what they are making, which is far below what Waveland and Bay policemen earn. Don't get me wrong, I'm not knocking Waveland or Bay policemen. For the job they do they too are underpaid.

Maybe the county needs to find officials like Bay and Waveland, then maybe they can figure out how to pay our county police officials a decent salary.

The Board of Supervisors just voted themselves a \$5,000-a-year raise, plus each one has a new pick-up truck to drive. That is funded by tax dollars.

The Sheriff's Deputies have to respond to emergencies in patrol cars that have close to 200,000 miles on them. I hope all you taxpayers and voters are taking notes.

Joe Bourgeois

Flu shots save lives

Influenza sweeps through South Mississippi each year. Although obviously an unpleasant experience, this virus is unnecessarily tolerated by millions of people nationwide perhaps due to the misconception that influenza is just another cold virus.

The fact is that influenza can be extremely dangerous, particularly for the elderly and others who do not have strong enough immune systems to successfully ward off the virus.

Influenza, often called the "flu," is a highly contagious viral infection of the nose, throat and lungs that ranks as one of the most severe illnesses of the winter season.

There is a vaccine to protect against influenza. Because the influenza virus changes from year to year, it is important to get vaccinated on a yearly basis.

You cannot get influenza from the vaccine. The vaccine is very safe and effective and generally has few side effects. There may be some soreness, redness or swelling where the shot is given.

Vaccination is important because influenza is spread easily from person to person primarily when an infected person coughs or sneezes. Influenza may lead to hospitalization or even death, especially among the elderly.

Nauman Siddiqui, MD, stressed the importance of vaccination.

"Patients over the age of 60 with heart failure, diabetes, lung problems, asthma or multiple medical problems are at very high risk for complications from the flu," Siddiqui said.

An estimated 10 to 20 percent of the national population contracts influenza annually.

Typical symptoms for influenza include abrupt onset of high fever, chills, a dry cough, headache, runny nose, sore throat and muscle and joint pain.

Other possible mild side effects include a headache and low-grade fever for a day after the vaccination.

Unlike other common respiratory infections, influenza can

WHO SHOULD GET FLU SHOTS

- People age 65 years of age and older.
- People with chronic disorders of the heart and lungs.
- People who are less able to fight infections because of a disease they are born with.
- People who are infected with HIV.
- People who have required regular medical follow-up during the preceding year because of chronic diseases (including diabetes mellitus), kidney diseases and blood cell diseases such as sickle cell anemia.
- Women who will be in the second or third trimester of pregnancy during the flu season.
- Residents of nursing homes and other long-term care facilities housing anyone of age with chronic medical conditions.
- Health care workers and others in contact with people in high-risk groups.
- Teenagers who are receiving long-term aspirin therapy and might be at risk for developing Reye Syndrome after influenza.

cause extreme fatigue lasting several days to weeks.

As with any medicine, there are very small risks that serious problems, even death, could occur after getting a vaccine. However, the risks for the disease are much greater than the risks for the vaccine.

Hancock Medical Center is offering free seminars titled, "Influenza vaccine: Is it for you?" on Thursday, Oct. 15 at 10 a.m. in the Hancock Medical Center business and Education

Complex Classroom.

The same seminar will also be held the same day in Diamondhead at the Hancock Multispecialty Clinic at 2 and 4 p.m.

For information about the seminars, to register, call 467-8790 or 467-8079.

For information about the influenza vaccine or to be immunized, contact your physician or call the Hancock Medical Center Physician Referral Line at 467-8664.

Damage extensive at Gulf Islands

Facilities at Gulf Islands National Seashore remain closed this week following the passage of Hurricane Georges. Park employees are working to open the William M. Colmer Visitor Center in Ocean Springs by mid-October, but the snack bar, bath house and other day use facilities on West Ship Island will remain closed indefinitely.

Ferry service to West Ship Island will also probably be closed down for the rest of the 1998 season. The National Park Ranger station on Horn Island also remains closed following the storm.

Mississippi District Ranger Mark Lewis says the islands of Petit Bois, Horn, East and West Ship are open to private boaters, but he emphasizes park structures on Horn and West Ship Islands are posted and off limits.

"Rangers returned to the islands immediately after the storm. They found a lot of damage to buildings especially on West Ship. This is really a dangerous area where someone walking around and not thinking can easily get hurt."

Lewis adds that anyone walking past the danger and no trespassing signs can be and will be charged. "Enjoy the beaches, but we strongly encourage visitors to control their curiosity and not go wandering through these buildings."

Mississippi's Gulf Coast suffered a storm surge of about 10 feet as Hurricane Georges moved ashore. According to civil defense authorities, the center of Georges passed directly over Horn Island.

High water marks of about five feet were found traced within Horn Island's interior. On West Ship Island, at least seven feet of water flowed through the windows and Sally port of historic Fort Massachusetts.

While Fort Massachusetts was not damaged by the storm, mud and debris can be found in all of this 130-year old structure's brick casemates and guardrooms. Mud, flotsam and 4-foot long logs now cover the fort's parade area.

Debris and wet filth covers the floors of the ranger stations on Horn and Ship Islands. West Ship Island's snack bar, pavilions and bath house are partially buried in sand and mud.

There is no longer a cross-island boardwalk on West Ship. No planking remains on the 400-foot long pier and ferry dock at West Ship. Only the pier's pilings remain jutting above the water's surface.

Park employees are currently working to re-open parts of Davis Bayou within the next two weeks. Situated on the mainland in Ocean Springs, this 400-acre area serves as headquarters for the Mississippi District of Gulf Islands National Seashore. Visitors normally find here picnic areas, walking trails, camping and fishing piers. All this remains closed as chainsaw crews continue to clear Hanley and Park roads.

Special assistance in clearing debris in Davis Bayou is being provided by the Pleasant Valley Hot Shot Fire Crew from Tonto National Forest in Arizona. Trained to normally fight forest fires, this 22-person team prepositioned itself in Jacksonville, Fla. as Georges approached the U.S. Gulf Coast.

Wearing hard-hats, goggles and yellow work shirts, crew-

members can be seen handling chainsaws as they clear downed trees and debris.

Initial plans are that the William M. Colmer Visitor Center and the adjacent walking trails and fishing pier will open by the middle of October. The campground, pavilions, ball fields, and boat ramps on Henley Road will remain closed till further notice. Crews are determining what repairs are needed as tree trunks and trash are removed from this western half of Davis Bayou.

Gulf Islands National Seashore is one of the more heavily visited units in the National Park System. The incident command center has been receiving numerous phone calls inquiring about the status of the barrier islands and park personnel. Normally, the Florida and Mississippi districts together have an annual visitation of about five million people.

Both districts suffered serious damage from Georges with the Mississippi district suffering effects of a direct onslaught. Damage assessment is ongoing at this time.

Slidell Memorial Hospital and Medical Center's Rehabilitation Unit just received the highest CARF Accreditation.

Is that really important?

Just ask the patients who have undergone Inpatient Rehabilitation.

To some people, it may not seem like such a big deal. But to our patients, it means the world. Because our recent accreditation by CARF (The Rehabilitation Accreditation Committee) demonstrates Slidell Memorial Hospital's unsurpassable standards of quality care.

Patients requiring rehabilitation often face monumental challenges. So the selection of a rehabilitation program should be made with utmost care. We received the highest level of accreditation from CARF, the nation's authority in the fields of medical rehabilitation, behavioral health and employment and community support services. And Slidell Memorial Hospital's Inpatient Rehabilitation Unit has just been awarded a Three-Year Accreditation. It's an endorsement of our superior team of professionals and the care we provide.

So for the best rehabilitation services available, turn to the healthcare professionals who have met the highest standards. The Inpatient Rehabilitation Unit at Slidell Memorial Hospital and Medical Center. *It's not just for quality care. It's for quality of life.*

6A-THE SEA COAST ECHO—SUNDAY, OCTOBER 11, 1998

Hawks take second win in district, beat Warriors

BY DWAYNE BREMER

The Hancock Hawks won the second straight district game Friday night, by blowing out the Oak Grove Warriors 34-0.

The Hawk defense was outstanding, only allowing four first downs and 119 yards in total offense for the whole game.

On the offensive side the Hawks rolled up an impressive 330 yards on the ground, with star running back Daryell Williams netting 201 yards on 22 carries, and two touchdowns. "It was one of my best games, we came out ready to win, and we played really well," said Williams.

The Hawks wasted little time in jumping on the Warriors after taking the opening kickoff at the 32. Chris Payne gained three yards, then Williams scooted for 13, and a first down. Williams then took a sweep 35 yards around the right end for another first down at the Warrior 19. Chris Goff picked up another first down with a 13-yard run, then Williams finished the drive with a one-yard plunge for the initial score. Josh Whitfield converted the point after, and the Hawks had a 7-0 lead.

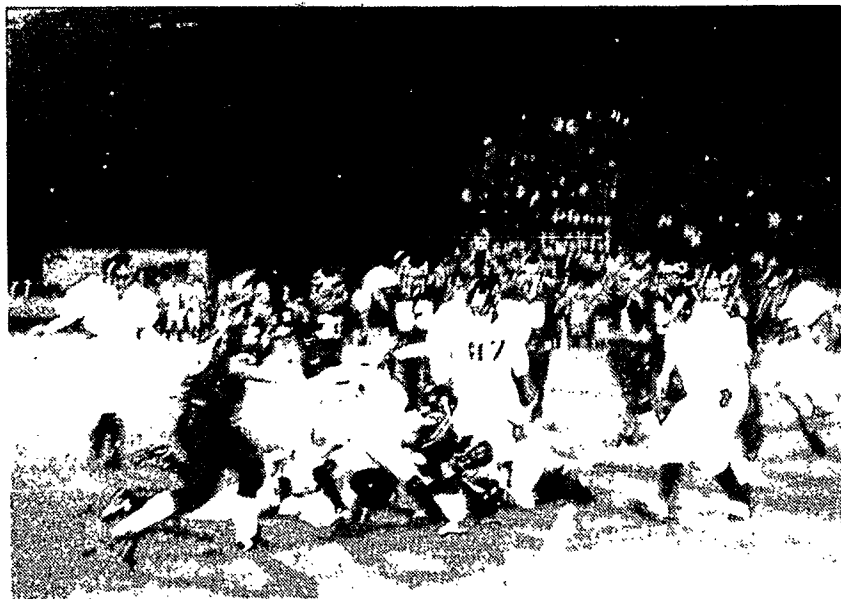

The Hawk's defense then took the ball right back, as David Seal recovered a Warrior fumble at the 34 on the Warriors first play.

The two teams then traded possessions, and the Hawks took over at their own 36.

Williams started things off with a 23-yard scamper to the Warrior 41. Whitfield connected with Chris Payne for 15 yards and another first down. Williams carried for 10 more down to the 18, Payne then rumbled for another first down to the 6. After a penalty Chris Goff took the handoff in for an 11-yard touchdown. Whitfield added the point and the Hawks had built their lead to 14-0.

With 8:53 remaining in the half the Warriors took over after a Hawk punt. The Warriors picked up a first down to the 33. Desmond Smith then made a nice play, stopping Matt Edwards of the Warriors for a loss of two. The Warriors were unable to convert, and were forced to punt. On the punt play David Seal poured in to block the punt for the Hawks, the ball rolled out of bounds, and the Hawks had a first down at the Warrior 21-yard line.

The Hawks converted three plays later, as Goff took it in

Gang tackle

Oak Grove Warriors resort to gang tackling Hancock High back Chris Goff in their game Friday night. (Photo by Dwayne Bremer)

from 11 yards out, for his second score. "I just put my head down and ran hard," said Goff. Whitfield added the point after and the Hawks had a 21-0 lead.

The Hawks would strike once more before the end of the half. After a fake punt failed the Hawks took over at the Warrior 43 with 1:37 remaining. Williams picked up a first down to the 31, then Whitfield rolled out and hit Matt Barker, who broke a tackle, and took it the distance for a 31-yard touchdown. The point after was blocked, but the Hawks had a 27-0 lead at the half.

The Warriors took the second half kickoff, and set up at the 31. The Warriors took the ball to midfield where they were faced with a fourth and one. The Hawk defense held, as Trellony Mayfield, Vincent Hunt, and Mark Rush combined to stop the Warriors Mark Johnson for a loss of one.

The Hawks went on the attack, but Whitfield's pass was picked off at the four-yard line by Josh Noffke.

The Hawk defense was equal to the task once again, and forced the Warriors to punt out of their own end zone. Williams fair caught the punt, and with the help of a personal foul the Hawks set up with great field position at the Warrior 21.

The Hawks took five plays, before Williams took it in from 6 yards out, for the Hawks fifth touchdown. Whitfield added the point after, and with :44 seconds remaining in the third the Hawks had a 34-0 lead.

The Warriors took the kick

back to the 34, and tried to mount a drive. The Hawk defense had other plans, however, as Josh Ladner made a tackle for a loss, and Desmond Smith pressured Rick Rancourt into throwing the ball away. The Warriors had to punt, and the Hawks took over at the 23.

Coach Gaudin then called for his junior varsity team, to go in and play, allowing them to gain some experience, and not run up the score on the Warriors.

The Warriors made one last attempt, as they crossed midfield for the first time on a long pass from Rancourt to Noffke, for 39 yards to the Hawk 40, but on the next play Noffke fumbled, and Doyle Moran recovered for the Hawks.

The offense ran out the clock, and coach Rocky Gaudin got dunked with the gatorade bucket.

"I was glad to get the win, it set us back on track after a couple of bad games. We played good on defense and offense to night, it was a good tune up for the heart of our schedule coming up," said Gaudin.

"We came out ready to win, we blocked well," and played hard," said senior Mark Hall. "It feels great to get a win at home, we have been working hard, and playing as a team," said Desmond Smith, who had six tackles, and two sacks.

The Hawks are now in a three way tie for second place in district play. The Hawks 2-1 record ties them with St. Stanislaus, and Picayune who both are 2-1 in the district. The Columbia Wildcats lead the district with a 3-0 mark. The Hawks overall record improved to 4-2, and the will travel to Petal next week for a pivotal district game.

"Petal always has a good team. We have not beating them since I have been here, it is going to be a battle," Gaudin added.

Golf tourney rescheduled

The Coast Chamber Classic, one of the community's favorite sporting events has been rescheduled for Oct. 23 at The Oaks in Pass Christian. The tournament has been postponed due to Hurricane Georges.

Now in its 10th year, the Coast Chamber Classic is a four-person team scramble with a noon shotgun start.

Prizes are awarded to first, second and third place gross and net. There are also prizes for closest to the pin on par 3's and for long drives.

March of Dimes hosts golf event

Area golfers are invited to participate in the Coast Division Inaugural Golf Classic to benefit the March of Dimes Friday, Nov. 6 at the Great Southern Golf Club in Gulfport.

Golfers from 17 counties in South Mississippi will come together to test their skills against other players from the area and to support the March of Dimes mission to improve the health of babies by preventing birth defects and infant mortality.

The \$75 tournament registration fee covers green fees and cart rentals.

Participants will receive a tournament shirt, lunch, awards party following the tournament and the opportunity to compete for various prizes and awards. Sponsors to date include Outback Steak House and FEB Distributing.

For information, call the March of Dimes office at 228-896-0886.

Petal Panthers outrun Bay Tigers

BY MAURICE SINGLETON

Bay High Tigers dropped a district game to Petal 46-35 on Friday night at J.D. McCullough Stadium. The visiting Panthers controlled the line of scrimmage, effectively running the ball and sustaining long drives enroute to their first win of the season.

The Tigers were caught off guard by two key Panthers plays at critical times. The first was an inside kick to open the second half that led to a Panthers score. The other key play was a punt returned for a score with 9:36 remaining in the game. That score was set up by a reverse and gave the Panthers a 40-21 lead.

The Tigers scored twice in the fourth quarter in a span of nineteen seconds on two big plays of their own. Quarterback Ty Barrett shook off tacklers for a twenty-two yard keeper and a score with 4:24 to go in the game.

On the first play of the ensuing series, Tigers tackler Terrence Thomas—a freshman—took the ball out of the grasp of the Panthers runner and returned the take-away fumble fifty-one yards for a score. With 4:05 left to play in the game, the Tigers were down by five points, 40-35.

The Tigers were not successful on their outside kick attempt, and the Panthers running game was successful at killing the clock and moving the ball down field for another score.

"The kids never quit," said Tigers Coach David Baughman. "This is a very disappointing loss. Basically, we were out-coached. They did some things

we hadn't seen. We got beat at every phase of the game tonight. Our kicking game was not very good tonight. Defensively, it was our poorest game of the season. Their offensive line blew us off the ball."

The Tigers started the second half with a 21-20 lead, but that changed quickly when the Panthers recovered their inside kick at the Bay High 48-yard line to open the second half. The Panthers marched the forty-eight yards on the ground on eight plays, and 240-pound fullback Roy McNair plowed his way on first and goal from the four for the score.

Freshman Adam Barrett intercepted the Panthers two-point conversion attempt, but the Panthers had their first lead of the night at 26-21 and never trailed again.

The Panthers extended their lead with seventeen seconds remaining in the third quarter with a four-yard run by Garrett Drake. The two-point conversion increased the visitors lead to 34-21 as the third quarter came to a close.

The Panthers had managed to take the momentum and control of the game in the third quarter. In fact, aside from being outscored 14-0 in the third quarter, the Tigers were held to five snaps and no first downs during the period, but more importantly the Panthers had taken over the game, a game that appeared to be in the hands of the Tigers.

The Tigers had gotten off to an early lead as they capitalized on a Jack Vincent fumble recovery. Barrett caught Brent Haynes on stride with a TD toss in

Trapped

the end zone. Steven Boudro's point after kick gave the Tigers a 7-0 lead at the 8:05 mark in the first period.

Tony Benton took a pitch left for an eighteen-yard scamp for the Tigers second score on the night. Boudro's point after kick put the Tigers up 14-0 with 1:40 to go in the first period.

Petal got their first score with 11:43 to play in the second quarter on a Derrick Burkett run. Burkett scored again with 5:50 to go in the second on a third and very long situation following a clipping penalty. Panthers quarterback found N. Cannon in the end zone for the two-point conversion which tied the game, 14-14.

Senior Derl Lang returned

the ensuing kickoff, found an opening and raced for seventy yards and a score for the Tigers biggest play of the night. The Tigers led 21-14 with 5:40 remaining in the second quarter.

Early signs of Petal's resilience became apparent on the ensuing possession. Panthers quarterback Garrett Tapper completed a fifty-five yard touchdown pass on a third and thirty-five situation. The Panthers failed on their point after attempt and trailed, 21-20 at halftime.

"Petal played a heck of a game tonight," said Baughman. "You've got to give them credit for the way they played. We simply got out-coached."

Hornets wear out Pirates, 27-6

BY B. R. HAWKINS

Mental mistakes and physical fatigue took the wind out of the Pass Pirates' sails Friday night.

Pirate confidence was high following in their first Division 8, Class 3-A win of the season last week at home against Perry Central. Pirates posted 21 points on the board with a good mixture of pass and run offense.

Head coach Gavin Lott said his team against the Poplarville Hornets played hard and honestly but was unable to overcome the mental mistakes. "They ran only a sweep and a little wing-back trap," Lott said, "We are going to have to work hard this week. We had the ball in scoring position and took a holding call at a crucial point. We have to be able to come back from those kind of situations."

The Hornets scored on their second possession with 4:24 left in the first quarter. Quarterback Jack Wilson alternated handoffs between his running backs, sophomore Andrew Moffet and junior Rashad Bowser in an attempt to get the offense moving. The Pirates lost yardage on a holding call and on fourth and five on the seven-yard line opted to go for it with an attempted pass to wide receiver Michael Deckert. The attempt fell short and the Hornets took over on downs at their own seven-yard line. The first quarter ended with Hornets on top 7-0.

On the first drive in the second quarter, the Hornets offense picked up four first downs and that wingback trap scored their second touch down. The PAT was good and the Hornets led 14-0 with 7:29 left in the half.

Pirate offense was unable to generate a first down and Hornets regained possession on their won 38-yard line. The Pirates defense stood tall on the Hornets next series of down pushing them back and on fourth and 15, Pirate Jeffery May picked up a fumble and gave possession back to his team on the 19. Hornets defense, however, not to intimidated

by the turnover stopped Wilson and Bowser forcing Brad Dewitt to punt away. The half ended with the score 14-0 Hornets.

Junior runningback Jonathan Plummer took to opening kickoff back to the 38 and Wilson was able to put together a 10-play drive that picked up three first downs before stall on the Hornets' 28-yard line.

Hornets returned down the field with their own 10-play drive which ended in the endzone with a jump pass. The PAT was good and the Hornets lead with 3:11 remaining in the third quarter 21-0.

In the fourth quarter, Rashad Bowser breaks a tackle and cuts across field on a 34-yard run that moved the Pirates to the Hornet 20-yard line. Moffett takes a handoff, puts his head down and scores. Pirates two-point conversion attempt, with 10:02 remaining in the game, was no good and the Hornets lead, 21-6.

Poplarville took the ball at the Pirates 20 and moved the ball to the 40 in two plays. Helped with a face mask penalty and an offside call, the Hornets, in good field position waded through the Pirates defensive line and scored the final six points leaving the score at the end of the game 27-6.

"We still have a chance to make it to the play-offs," Lott said, "We play Vancleave next week at home and our guys will work hard this week."

League schedules meeting

Waveland Little League will hold its annual general membership meeting and elections of new board members for the 1999 season Thursday, Oct. 15, at the Elwood Bourgeois Park at 7 p.m.

In the event of rain, information of new meeting site will be available at the ballpark.

Rocks blitz Blue Devils

BY JOE GEX

The St. Stanislaus Rock-a-chaws renewed their claim in the Division 7 Class 4A race in football by defeating the visiting Blue Devils of Pearl River Central 17-10 on Friday night. The win moved the Rocks to 3-4 overall and 2-1 in the division.

The win marked the first time that SSC has won two division games in the same season since 1991.

The Rocks received the opening kickoff on their own six-yard line and Kris Cannon brought the ball out to the 25. The Rocks were unable to move the ball on their first possession and had to punt away.

The Blue Devils mounted a nine-play drive that ended with a Nicky Lee 33-yard field goal at the 6:16 mark of the first quarter. The hard running of Jason Bennett put PRC in range for the kick by gaining seven and five yards on consecutive plays.

Later in the drive, Bennett caught a 27-yard pass from Trent Lee on a crucial third and 24 situation.

The Rock didn't waste any time getting on the scoreboard. Cannon, behind a wall of blockers, brought the ensuing kickoff out to the Blue Devil 43-yard line. He gained three and eight yards on back-to-back plays. Two downs later, Rock field general Jason Santiago connected with Roger Ridgeway for a 26-yard score with 3:28 left in the first period. Charles Raymond's PAT attempt missed wide left leaving the score 6-3 Rocks.

The Blue Devils mounted an impressive 15-play drive that was helped along by the some untimely Rock penalties. The Rocks gave PRC new life on a fourth and short situation in the drive. The Rocks were penalized for offside and PRC received a fresh new set of downs to work with.

However, the stingy Rock defense wouldn't allow the Blue Devils into the endzone. Rock defenders were led Michael

Dauro, Cameron Byrne, Tom Brennan and Stephen Peterman. The Blue Devils turned the ball over on downs to the Rocks. Cannon had two impressive runs of eight and nine yards respectively. But, the Rocks' offense stalled out on them and SSC had to punt.

On the second play of the Blue Devil's drive, Dauro and Brennan caused a fumble and SSC's Steven Knight recovered the loose ball at the PRC 18-yard line. The Rocks had two incomplete passes before they decided to try the leg of Charles Raymond for a 31-yard field goal with 1:34 left in the first half of play. The kick was good and the score was 9-3.

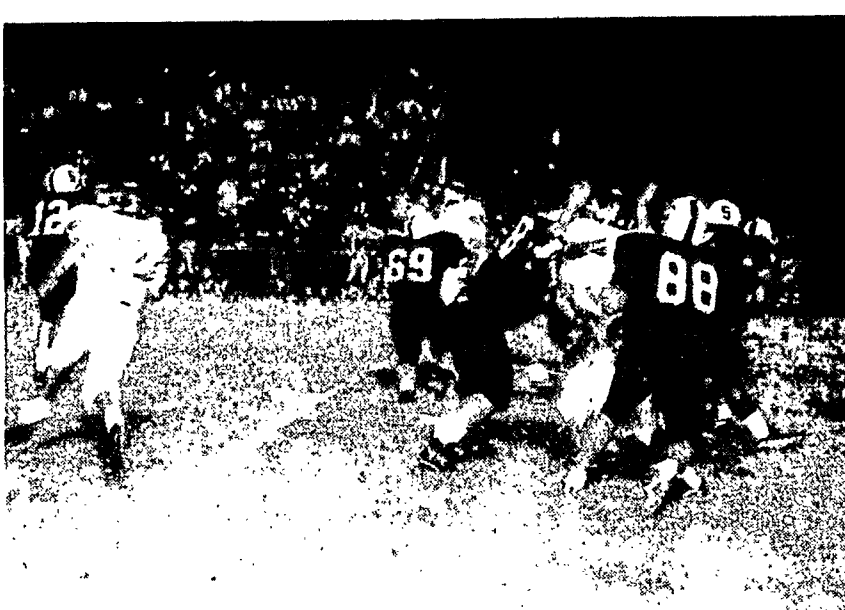

However, Pearl River had something more in mind before the intermission. A huge pass play from Trent Lee to Bennett covered 45 yards down to the Rocks nine-yard line with :04 seconds left in the half. Lee then passed to Jay Beech for a nine-yard score as time expired in the half. Nicky Lee's PAT was good giving PRC the lead at halftime, 10-9.

The Rocks' defense came out in the second half ready to stop the Blue Devils. Sophomore linebacker Cameron Byrne stated, "Our defensive play tonight was the best all season. We played hard. When the odds were against us tonight, we came together, stepped up and made the big play."

Made the big play, they did. PRC had two nice gains by Nicky Lee to start the second half. However, two plays later Byrne forced a fumble. Dauro recovered at their own 18-yard line.

However, the Rock offense sputtered a little on the next possession. Ridgeway was called into punt the ball away and boomed a 59-yarder that pinned the Blue Devils inside their own 10-yardline.

The two teams swapped possession of the ball three times before Knight made his game breaking play. With 8:27

Pass rush

St. Stanislaus' defense rushes the Pearl River Central quarterback. (Echo staff photo by Joe Gex)

left to play in the game, Steven Knight stepped in front of a Trent Lee pass and took it the opposite way 21 yards for a Rock score. Brennan bulled his way into the endzone for the two-point conversion and the score was 17-10.

For the next eight minutes and three seconds, the Blue Devils controlled the ball. On a fourth and long situation, the Rocks were called for a clip on the punt which gave the ball back to the Blue Devils.

Two successive pass plays from Trent Lee to Justin Herring gave PRC a first down on their own 39-yardline.

Six plays later, Lee connected with Beech for a 31-yard gain down to the Rock 10-yard line with 1:04 left play.

A Blue Devil touchdown run by Nicky Lee was called back on an illegal procedure call. Trent Lee resorted to the airways after that.

Lee had two straight passes broken up in the endzone. On fourth down from the Rock

15-yard line, Lee dropped back and fired into the end zone with :24 left to play.

The Rocks lined up in the victory formation and Santiago took a knee as SSC claimed the second division victory of the season.

SSC head coach Dave Kenon stated, "We overcame a tremendous amount tonight. Just about everything that could happen to a football team tonight did. We made the big plays on offense and defense."

"We are starting to mature and play like men. We beat a very good football team tonight in Pearl River Central. They are very tough to prepare for. Our staff did a good job of coming up with a game plan and the kids did a great job of executing it." "Stephen Knight, Cameron Byrne, Tom Brennan, Michael Dauro, Stephen Peterman and Helder Lomb made the big plays for us on defense when we needed them. Jason Santiago threw the ball exceptionally well tonight. Kris Cannon ran the ball hard and gained tough yards against a strong defense."

The Rocks travel to Hattiesburg next week to take on the Oak Grove Warriors in another division battle.

SSC/OLA participate in meet

The St. Stanislaus and Our Lady Academy swim teams were making waves this past Saturday in the Biloxi Natatorium. The two teams were participating in the prestigious Biloxi Fall Invitational.

There were 17 teams invited to the swim meet from all over Mississippi, Louisiana, and Alabama.

SSC/OLA head coach Joe Gex commented, "The meet is one that Biloxi puts on every year. It is a great indicator for what a team can do. This year the meet included more competition from outside the state of Mississippi."

SSC placed fourth overall in the meet scoring 50 points while OLA put on a strong showing but was unable to score. SSC ranked second against Mississippi competition trailing only Hattiesburg High School.

Two years ago, the Rocks won the Biloxi Invitational and placed second in the event last season.

In the men's division, the championship was won by Salmen High School of Slidell with 85 points. St. Paul's Episcopal High School from Mobile placed second with 75 points, followed by Hattiesburg High School in third with 60 points. The Rocks were fourth followed by their

sister school from Mobile McGill-Toolen High School with 48 points.

Picayune Memorial High School, Episcopal High School of Baton Rouge, Harrison Central High School, West Jones High School, Biloxi High School, Ocean Springs High School, Our Lady of Lourdes, St. John, and Gulfport rounded out the standings of the men's division.

St. Paul's High School of Mobile won the women's division with 126 points, followed by the host team Biloxi High School with 117.5 points. Hattiesburg placed third.

The 200 yard medley relay team of Patrick Clark, Robin Herndon, Jamie Higgins, and Thad David placed fifth out of 17 teams with a time of 1:59.95.

Herndon took the eighth spot in the 200 yard Freestyle with a time of 2:18.16. Jeffrey Fine placed seventh for the Rocks in the 200 yard individual medley with a time of 2:49.07.

Matt Finnilla recorded a personal best in the 50 yard Freestyle with a time of 25.82 to place sixth overall out of 55 swimmers.

David set a new school record in the 100 yard Freestyle with a time of 59.34. He placed 10th out of 46 swimmers. Billy

Bourgeois also recorded a personal best of 1:00.64 in the same event to finish 13th.

Jamie Higgins set a new school record in the 500 yard Freestyle and placed second overall out of 17 swimmers with a time 5:34.49.

The 200 yard Freestyle relay team of Donald Kimberlin, David, Bourgeois, and Finnilla placed fifth out of 19 teams with a time of 1:48.19.

Finnilla also recorded a personal best in the 100 yard Backstroke with a time of 1:17.21 to finish 11th out of 23 swimmers.

Herndon broke his own school record in the 100 yard Breaststroke with a time of 1:11.72 and placed fourth overall out of 31 swimmers. In the same event, Chris Mensi set a personal best with a time of 1:20.55.

The final event of the day, the 400 yard Freestyle relay, saw the Rocks set another school record. The team of Herndon, David, Higgins, and Bourgeois placed fourth overall with a time 3:56.48.

The next meet for both teams is October 17th at the Biloxi Natatorium for the South State Championship.

POLLWORKERS NEEDED for City of Waveland Elections

Persons interested must receive training and must be certified or have received certification within the last ten months. If you desire to work the November 3, 1998 city election and you do not have current certification, you must attend one of the following training sessions.

SCHEDULE OF TRAINING

Tues., October 13	Lakeshore-Gulfview School	7:00pm
Wed., October 14	Waveland-City Hall Annex	7:00pm
Sat., October 17	Bay St. Louis - Hancock County Courthouse (backdoor)	9:00am

If you are interested in working the polls for the City Waveland Election, please call Donna Holton, Democratic Executive Committee at 466-0973 or Tommy Kidd, Republican Executive Chair, at 467-9525.

Nurses celebrate 100 years

Hundreds of Mississippi's registered nurses will convene Tuesday, Oct. 20, on the Mississippi Gulf Coast to celebrate 100 years of professional nursing.

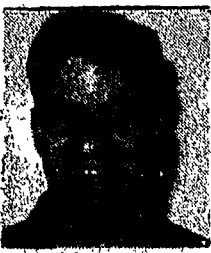

Celebrating Our Past, Envisioning our Future is the theme for the Mississippi Nurses Association's 85th annual convention at the Mississippi Gulf Coast Coliseum and Convention Center.

Dr. Patricia Donahue, noted author of the book, *Nursing: The Finest Art, an Illustrated History*, will be the keynote speaker delivering an historically-based address.

Convention hotel is the Biloxi Holiday Inn, 1-800-465-4329. Call the Mississippi Nurses Association at 601-898-0670 for information.

Halloween fun

Spend time with kids by making costumes

While Halloween costumes can be as simple as a trip to the store, taking time with a child to create a costume at home can be fun for the family.

Dr. Betty Fulwood, apparel and textiles specialist for Mississippi State University's Extension Service, said she has become common practice in today's fast-paced society to buy ready-made costumes. However, great costumes can be found at home for little or no expense.

"Everyone is busy these days, so it is easy just to buy a costume," she said. "With a little time and creativity, unique costumes can be put together with articles you already have."

The specialist suggested starting the costume search in closets and the attic. Old clothes, accessories and even old costumes may be stored there.

"Out-of-style clothes can make fun dress-up costumes for children," Fulwood said. "It is important, though, to make sure clothes fit children properly."

She said to think of outfits the child may already have that could be used on Halloween. Sports uniforms, dance outfits and other clothes can be the ba-

sis of unique costumes.

"With a few creative alterations and additions, everyday clothes can be turned into costumes," she said. "An orange sweatsuit can become a Jack-o-lantern suit with a few quick appliques, or adding a black cape to black pants makes a great Dracula outfit. Costumes do not have to be complicated or even scary."

Fulwood offered the following safety reminders for creating a costume at home.

- Check the length of pants, skirts and capes. Make sure they are short enough to prevent children from tripping.

- Consider using make-up instead of masks, which may restrict vision. Secure hats so they do not fall down over the eyes.

- Chose light colors for costumes and decorate with reflective tape. These will make the child more visible at night.

"In creating a costume for a child, make something that is safe and practical," Fulwood said. "The time spent with a child making a costume is much more important than money that might be spent on one. So be creative and have fun."

Elect

MILTON C. BERNARD

In the weeks prior to election day, I would like to address some of the areas of concern in our City of Waveland. I would also like to explore the solutions to these concerns. I think my tenure with our city gives me the insight to identify these concerns while my position as a city employee limited my voice as to approaches to satisfy these concerns.

Part of the solution is very simple: identify the major concerns and at least start to rectify these concerns with a four year projected goal of resolution. I can't remember the last time our city has identified some of the major concerns and then presented a projected four year program showing RESULTS.

I want to serve as your Alderman of Ward 1 and represent all of the residents of Waveland from the position of my experience and background of knowledge of the City of Waveland. Please remember this, as you ponder your choice to represent the residents of Ward 1 and all of our residents of Waveland. I am not a politician, I do not want to be a politician, I do not trust most politicians; but I have the knowledge and qualifications to best serve the wonderful citizens of our great City of Waveland.

Alderman, Ward 1 Waveland

USM offers Microsoft courses

The University of Southern Mississippi will offer courses on Microsoft Powerpoint, Access and Excel this fall.

"Introduction to Microsoft Powerpoint" — offered 6:30-9:30 p.m. Oct. 19 and Nov. 5 — is a presentation of graphics program that allows transformation of ideas into professional electronic slideshows, 35 MM slides or transparencies. Cost is \$91 and includes an instructional book.

"Introduction to Microsoft Access" — offered 6:30-9:30 p.m. Nov. 10 and 12 — will demonstrate the various components of a database and how to plan a database. Participants will learn how to enter, edit and sort records; and how to create forms, queries and reports. Cost is \$91 and includes an instructional book.

"Intermediate Microsoft Access" — offered 6:30-9:30 p.m. Nov. 17 and 19 — will demonstrate how to modify a database structure, and create multiple table queries and complex reports. Experience with Microsoft Access is required. Cost is \$91 and includes an instructional book.

"Introduction to Microsoft Excel" — offered 6:30-9:30 p.m. Dec. 1 and 3 — will demonstrate how to build and edit worksheets; how to use colors, patterns and borders to enhance a worksheet; how to create and edit charts; and how to manage workbooks.

Experience with Microsoft Access is required. Cost is \$91 and includes an instructional book.

"Intermediate Microsoft Excel" — offered 6:30-9:30 p.m. Dec. 8 and 10 — will examine working with formulas and functions, using lists and analyzing list data, enhancing charts and worksheets and automating tasks using macros.

Experience with Microsoft Access is required. Cost is \$91 and includes an instructional book.

For information or to register, call (601) 266-4186.

FINANCIAL FOCUS

Submitted by Craig Foster
Edward Jones Co.

What investors want in an IRA

The individual retirement account (IRA) is one of the top choices for retirement planning. That fact was confirmed in a survey by Zurich Kemper Investments.

Kemper asked its shareholders their opinions on IRAs and received one of the strongest responses ever. Respondents were asked to rank from one to nine their preferences for retirement planning, including savings accounts, government securities and other investments.

IRAs placed second in the ranking, behind pre-tax employee plans such as 401(k)s and 403(b)s. Twenty-three percent of the survey

respondents ranked IRAs their top retirement planning method, and 36 percent said IRAs were their second choice.

What's the appeal of the IRA? More than 60 percent of those surveyed said building a retirement account that compounds free of taxes is the biggest benefit. Only 32 percent viewed the annual tax-deductible contribution most important.

The survey also asked opinions on ways Congress could enhance IRAs. Sixty-seven percent of respondents favored an increase in the annual contribution limit. A close second (60 percent) wanted higher income eligibility limits for

deductible contributions. Two other features respondents wanted were tax-free withdrawals (29 percent) and the ability to use IRAs for more than retirement (30 percent). To some degree, these needs are addressed by the new Roth IRA.

The Kemper survey reveals that investors are taking retirement planning seriously — as they should be. Future retirees may face a different financial environment than today's retirees. Will Social Security be there? How about Medicare? How will investments be taxed? Will your company retirement plan — if you even have one — provide enough?

The message is clear: Responsible working taxpayers must plan their own retirement. Fortunately, Americans have several good opportunities to do so. If you aren't yet participating, you owe it to yourself and your family to start today.

Drug chain contributes to Hurricane Georges relief

On behalf of more than 3,300 employees and vendors in Mississippi and Alabama, Rite Aid Corporation is donating two tractor-trailers of supplies and \$10,000 in cash to aid victims of Hurricane Georges in southern Mississippi and Alabama.

With the help of the American Red Cross, "care packages" for families affected by Hurricane Georges will be assembled from two Rite Aid tractor-trailers filled with cleaning supplies, toiletries and hygiene products.

Needy families in affected areas along the Mississippi Gulf Coast, such as Biloxi, Gulfport and Pascagoula, as

well as Hurricane George victims in Mobile and other areas of southern Alabama received care packages from Rite Aid and the Red Cross Oct. 6.

The retail value of the products donated by Rite Aid equals more than \$15,000.

"The people affected by this tragedy are Rite Aid's neighbors, families and friends. On behalf of 3,300 Rite Aid employees in Mississippi and Alabama, we offer these contributions to help ease the recovery of the people whose lives were disrupted by Hurricane Georges," said Rite Aid Chairman and CEO Martin Grass.

Durham wins Presidential Rank Award

Dr. Don Durham, technical deputy director of the Naval Meteorology and Oceanography Command at Stennis Space Center and a Picayune resident, has received the Presidential Rank Award of Meritorious Executive for 1998.

The Meritorious Executive Award recognizes and rewards Senior Executive Service career appointees who have demonstrated exceptional performance over an extended period of time. The President makes the award.

"A Presidential Rank Award is among the highest honors a public employee may receive," Navy Secretary John Dalton said in a letter congratulating Durham. "It is a recognition of your sustained outstanding achievements, which have brought great credit, not only upon yourself, but the entire Department of the Navy. Your accomplishments have contributed in large measure to our ability to provide for the national security in the most efficient and effective manner."

Durham joined the command in 1986 in its earlier incarnation, the Naval Oceanography Command. In 1989 he was named technical/deputy director, the command's top civilian post. As technical/deputy director, he is the senior civilian manager and top scientific advisor responsible for planning, coordination, management, direction and administration of broad multi-disciplinary scientific, engineering and technical programs of the command.

"For the past 10 years, Dr. Durham has single-handedly led Naval Oceanography in its development as a world class operational organization," said Rear Adm. Paul Gaffney, former commander of the Naval Meteorology and Oceanography Command, in his nomination of Durham.

"His most recent accolade came from Secretary of Defense Perry as he was awarded the Department of Defense Meri-

torious Civilian Service Medal for his vision and drive in securing for the Navy an OSD (Office of Secretary of Defense)-funded supercomputing center and for establishing a comprehensive littoral warfare support capability using national sensor data."

Durham is a native of McKinney, Ky., and the son of Nina Durham and the late Russell Durham. He is a graduate of Centre College in Danville, Ky., and Texas A&M University. He came to Mississippi in 1972 to work for the Army Corps of Engineers as a research oceanog-

rapher at its Waterways Experiment Station in Vicksburg. He came to Stennis in 1978 as an oceanographer with the Naval Oceanographic and Atmospheric Research Laboratory (NOARL).

The Naval Meteorology and Oceanography Command is comprised of about 3,000 personnel at some 60 activities worldwide. Its mission is to collect, interpret and apply global data and information for safety at sea, strategic and tactical warfare and weapons system design, development and deployment.

Location changed for women's financial seminar

To expedite the Mississippi Gulf Coast's recovery from Hurricane Georges, Hancock Bank has relinquished the original Mississippi Coast Coliseum location for the Oct. 21 Financial Seminar for Women to the Federal Emergency Management Association (FEMA) emergency relief services.

The new site is the Biloxi Grand Casino Theatre on Hwy. 90. Ties for all seminar activities remain the same.

Offered by Hancock Bank as a community educational service for women of all ages, this year's fifth annual seminar features New York Times best-selling writer Suze Orman, a noted financial expert and author of *Suze Orman's 9 Steps to Financial Freedom*.

Hancock Bank will welcome program participants at the Biloxi Grand Casino Theatre Oct. 12 beginning at 7:45 a.m. with a continental breakfast and opportunities for limited on-site registration. Orman's presentation follows 8:30-11:30 a.m.

During the seminar, Orman — a frequent featured guest on Oprah, NBC's Today Show and ABC's Good Morning America — will present proven practical strategies empowering women

to manage their own finances effectively.

At the conclusion of the program, Orman will entertain questions from the audience.

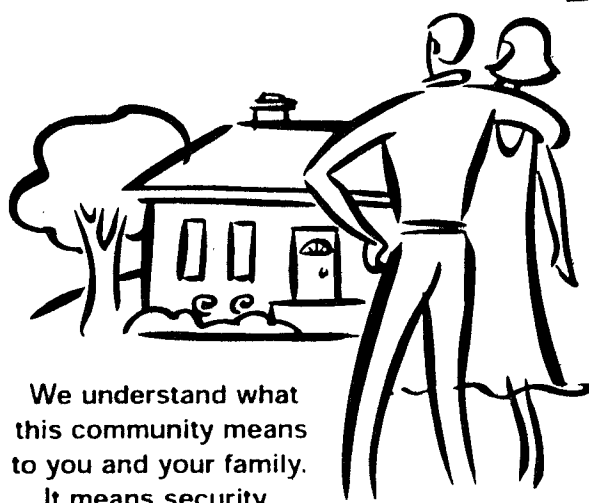

Seminar coordinator Marilyn Brown said participation in the 5th annual Women's Financial Seminar requires reservations through registration. She encourages early registration as seating is limited at the Biloxi Grand Casino Theatre, and Hancock Bank anticipates unusually large attendance.

Registration forms are available at all Hancock Bank Mississippi and Louisiana offices. For information, contact the Hancock Bank Marketing Department at One Hancock Plaza in Gulfport at 228-868-4865.

With \$2.7 billion in assets, 80 full-service offices, and 110 automated teller machines throughout South Mississippi and Louisiana, Hancock Bank stands as one of the strongest, safest financial institutions in the United States, according to Veribank, Inc. Hancock Bank was founded in 1899.

Investigation results in assets freeze

An investigation launched by Secretary of State Eric Clark's enforcement division last spring has resulted in the United States Securities and Exchange Commission's freezing some \$22 million in assets of a San Diego based leasing company.

"I am extremely pleased with the SEC's action freezing assets

in this case. As we stated in our July order shutting this company down in Mississippi, we believe this investment program is fraudulent and needs to be stopped at the federal level to prevent nationwide losses."

Clark said. "The freezing of Alliance Leasing's \$22 million makes it more likely that the

victims of any fraudulent activity in Mississippi and elsewhere will get some or all of their money back."

"It is important that anyone who has invested with Alliance contract my office as soon as possible," Clark said.

Alliance Leasing corporation of San Diego, Calif., and its affiliate Prime Atlantic, Inc. of Jacksonville, Fla., are the targets of the SEC move.

In July, the Mississippi Secretary of State's Office issued a cease and desist order banning the companies from selling the allegedly fraudulent investment program in the state. Secretary of State investigators found at least 34 investors across the state who had invested at total of over \$690,000 in unregistered securities through the companies. Individual investments ranged from \$10,000 to over \$85,000 investigators found.

Senior Attorney Tim McCole of the Mississippi Secretary of State's Office alerted the federal Securities and Exchange Commission to what the local investigation had uncovered. Mississippi's "tip" led to the federal investigation.

"We were confident that Mississippians were not the only people who had been conned by this group," McCole said. "Obviously, we were right."

A temporary restraining order against the companies was issued by U.S. District Court Judge Napoleon Jones in Los Angeles.

The SEC alleged that Alliance paid undisclosed commissions to Prime. Federal authorities also allege that investors were falsely told their funds were being held in an escrow account until equipment was purchased.

Additionally, the SEC alleged that information provided investors indicated that Charles Browne, Alliance's chief executive officer, and Sharon Browne, its chief operation officer, were both reputable business persons when, in fact, both have a history of securities law violations.

Clark said investors should ask questions before they invest. He said any questions or complaints about investments should be directed to the Secretary of State's Enforcement Division at 601-359-1633 or 1-800-804-6364.

Hancock Holding reports third quarter results

Hancock Holding Company (NASDAQ/NMS:HBHC) announced results for the quarter ended Sept. 30, 1998. Net earnings for the quarter was \$6.8 million compared to \$6.7 million for the same period in 1997.

Basic and diluted earnings per share amounted to \$0.66 in 1998 on 10.5 million average shares outstanding and \$0.61 in 1997 on 10.9 million average shares outstanding.

Net earnings for the first nine months was \$23.4 million compared to \$23.1 million for the same period in 1997. Basic and diluted earnings per share amounted to \$2.18 in 1998 on 10.8 million average shares outstanding and \$2.13 in 1997 on 10.9 million average shares outstanding.

Leo W. Seal Jr., president and CEO, commented, "The trend toward interest rate margins in the banking industry narrowing during the year has moderated our profit gains over

last year even though we have continued to experience both deposit and loan growth. We remain very optimistic for both the bank as well as for the future of the market we serve."

Hancock Holding Company, headquartered in Gulfport, is the parent company of Hancock Bank in Gulfport and Hancock Bank of Louisiana in Baton Rouge.

Through its banks in Mississippi and Louisiana, the company operates approximately 80 banking offices and over 100 automated teller machines. Bank-related affiliates include Hancock Mortgage Corporation, Harrison Finance Company and Hancock Investment Services Inc.

Hancock Holding Company's common stock is traded on the Nasdaq Stock Market, Inc. under the symbol HBHC and in the Nasdaq newspaper quotations under the abbreviation HancHd.

Hale named Mediacom manager

The Florida Region of Mediacom recently announced the promotion of Richard Hale to the position of Southeast regional manager. Hale will be working out of Mediacom's region facility in Gulf Breeze, Fla., and will manage all operations in Florida, Alabama, Mississippi and Tennessee.

Hale began his cable television career in 1984 in sales, then he was promoted to the marketing department and soon became the system manager.

As Mediacom's regional manager, his primary responsibility

will be to improve the technical integrity of the 57 cable systems and continue to enhance customer service.

A Kentucky native, he will reside in the Navarre area of Santa Rosa County. He and his wife Pat have a son, Brian.

The Florida region of Mediacom, whose regional office is found in Gulf Breeze, serves as the management center for 57 cable systems within a four-state area, providing cable television services to more than 132,123 customers.

Chamber News

Business After Hours

Bay Carpet and Bay City Grill will sponsor this month's Business After Hours Thursday, Oct. 15, 5-7 p.m. at Bay City Grill, 136 Blaize Ave. in Bay St. Louis.

The event is open to chamber members and their guests. Admission is two business cards.

Chamber Website

The Hancock County Chamber's Website is now on-line at www.hancockchamber.com. All Hancock Chamber members, along with their addresses and phone numbers, are listed.

As an added service, Chamber businesses can link to the site. Members should fax or mail their business name, web address and e-mail address to the Chamber office for that purpose.

A special thanks to Chamber members Wes and Kathy Ziegler from Analysis & Technology for donating their time to design and maintain the

Hancock Chamber Website, and to Tami Devitt from Gulfcoast On-Line Development, Inc. for donating the hosting of the Website.

Small Business Counseling

The Hancock Chamber and USM Small Business Development Center will host a free workshop Thursday, Oct. 15 for small business owners.

A representative from USM will be available at the Chamber office 9 a.m.-noon for small business counseling. Call the Chamber at 467-9048 to register.

Beautification Awards

The Chamber Beautification Committee recognized two businesses recently for their efforts to keep Hancock County beautiful. The August Business Beautification Award went to Guy's Goodyear Tire and Supply. The September Business Beautification Award went to Bay Seafood.

Cleanup — Countywide effort

Continued from Page 1A

ment of Magnolia landed the lion's share of the contracts awarded offering to pick up all of the debris piled up in Waveland streets for a total \$35,850 and all the debris in Bay St. Louis for a total \$42,990. Bids submitted by other firms for cleaning up Waveland ranged from the low submitted by Smith to a high of \$200,000 submitted by a Picayune firm. And, costs for cleaning up Bay St. Louis streets ranged from the low of \$42,990 submitted by Smith to a high of \$200,000, also submitted by the same Picayune firm.

The firm of C.W. Parker and Associates of Waveland was awarded the contract to clean up Diamondhead. Other bids on Diamondhead ranged from \$200,000 to the next lowest at \$50,000.

JESCO Construction Co., of Gulfport was the apparent low bidder and awarded a contract of \$33,677 for cleaning up all

county roads from Interstate 10 South to the corporate limits. Santa Rosa Construction of Picayune was awarded a contract for \$18,000 for clearing that area of the county north of I-10 and east of Hwy. 603; and another for \$22,000 for clearing that area of the county lying north of I-10 and west of Hwy. 603.

The tab for the cleanup of the entire county totals \$179,717, and the Federal Emergency Management Administration (FEMA) had already allocated a total \$105,000 for the cleanup of the two cities and county, but indicated more funds will be made available.

The county and two cities are being asked to carefully document manpower and equipment it has used and will be using during the storm cleanup, so the expense can be used as the match towards federal aid.

Under terms of the contracts

let Friday, each hauler will begin the clearing Monday and will only pick up tree limbs, stumps, leaves and debris that can be hauled and later burned at four designated dump sites. Contractors are also being asked to separate refrigerators, roofing shingles and other items that can only be disposed of at permitted rubbish sites, and the county and two cities will pick those items up later.

Each contractor must make an initial sweep of its entire area, then come back and complete a second sweep.

The clearing of county roads will be monitored by Road Supt. Tommy Moran or his designee, and the cleanup in Bay St. Louis and Waveland will be watched by the public works director of each city.

Before the session ended, contractors who were present were notified that, at the request of property owners, they

are allowed to pick up debris on private property and roads, so long as it is in a driveway or alongside the roadway. During this time of emergency, the contractors were told they would not be held liable for any damage done to private property or driveways where a property owner has requested assistance.

The debris, estimated by one bidder to be around 1.5 million tons countywide, will be taken to dump sites and burned. These are located at Pearllington, Old Catahoula, Old Standard and a private 40-acre site at Bayou La Croix.

Although the anxiety was high while the bids were being opened, there were moments of comic relief. One firm submitted a lump sum bid of \$4 million to clear the entire county.

"Darn," one observer quipped. "If he got the job, he must be planning to retire."

Repairs — Line work underway

Continued from Page 1A

cations to extend sewerage lines to parts of Lakeshore and Bay-side Park.

Commissioners also authorized Guathreaux to advertise the District's intent to borrow up to \$200,000 from an area bank to extend sewerage lines to businesses and homes located at Hwy. 90, and into the county area along Longfellow

Drive. Businesses will also share in paying for that project, and Commissioners will ask for funds from the Board of Supervisors for repaving an area of asphalt that will have to be torn up in order for the lines to be installed.

The District will open bids Oct. 12 on the sewerage extension in Clermont Harbor and

along a portion of Lakeshore Road, and on Oct. 26 on the construction of a District office that is planned to be built near the Farmer's Market and behind the Civic Center on Longfellow.

At the outset of the meeting, Richard Murray of Clermont Harbor came to complain about the \$35 a month that will be charged residents once the area

is hooked up to sewerage. He said retired and elderly people are living on fixed incomes and will be hard-pressed to pay the monthly fee.

And, a Shoreline Park resident said she plans to petition the District to have her lots included in the current sewerage extension.

Center — Assistance available

Continued from Page 1A

Steve Pate, a member of FEMA's counterpart, the Mississippi Emergency Management Administration, said the federal and state partnership was "working well together."

Keating emphasized the first thing to do to qualify for help is to call the central number: 1/800-462-9062. The phone is in operation from 7 a.m. until 11 p.m. seven days a week. The best times to call is in the afternoon or at nighttime.

Hancock County's Disaster Relief Center is open from 8 a.m. until 7 p.m., seven days a week until further notice, said Keating.

There are people at the center offerings all sorts of help.

The American Red Cross and other volunteer agencies can provide emergency food, clothing, shelter and medical assistance and also make referrals to church groups and other charitable organizations.

Representatives with the Small Business Administration are on hand to offer low-interest loans for restoring or replacing uninsured or underinsured disaster-damaged real and personal property.

There are grants available to homeowners and renters from FEMA for temporary housing or emergency repairs to make a home liveable until permanent repairs can be made.

Tax assistance is available,

along with farm assistance, veterans assistance and unemployment assistance.

There is even crisis counseling available to refer you for short-term counseling for mental health problems caused or aggravated by the disaster, and other FEMA representatives can provide guidelines on roof repairs and other ways to make your home more hurricane-proof in future storms.

Pantry — Stock needs replenishing

Continued from Page 1A

Pantry was opened in May, 1986. A state charter was obtained and free quarters were made available by Civil Defense in their office on Old Spanish Trail. The Episcopal Church made the initial donation.

The pantry is now located in the Court Annex where Civil

Defense has moved.

The pantry is staffed and operated entirely by volunteers from local churches. Each church has a director of volunteers. Approximately 60 volunteers are associated with the pantry.

Since Hurricane George the food pantry has given food to 887 people and spent approximately \$8 per person for food. Supplies are getting low, and all canned goods are needed and any non-perishable items. Any donations of money or food would be greatly appreciated.

The only expense are the phone bill and the purchase of food to supplement the donated food times.

Since the pantry opened, 13,173 families, approximately 39,364 people, have received emergency help.

NASA forum goes unattended

BY ED LEPOMA

NASA's Environmental Affairs Office came prepared with giant display boards and computerized visual aids to explain how it plans to clean up Agent-Orange contaminated sites at the giant Stennis Space Center.

Unfortunately, only a handful of people showed up Thursday afternoon for the second informational hearing, which was advertised in advance and held at Hancock County's main library in Bay St. Louis.

NASA even posted a Grayline bus at the Holmes Methodist Church Pearllington to transfer people who might need a ride, but the bus pulled up to the library around 6 p.m. Thursday with only the driver and NASA assistants aboard. The driver reported one elderly lady wanted to come, but decided against the trip, since no one else showed up.

The first of the informational hearings drew about 50 people into the Stennis Informational Center's Auditorium Thursday morning, according to Ron Magee, NASA's Environmental Officer. "They asked some good questions, and we had the experts there to provide them with the answers," said Magee.

The informational meeting was to obtain public comment on final plans to clean up a site designated as Area A, which was the Air Force Disposal site between 1970 and 1990. The site is located in woodlands near the middle of the western boundary of Stennis between Upper Gainesville Road and the Southern Railroad tracks.

The Air Force Disposal Site consists of two distinct mounds

that are trenches where wastes contaminated with Herbicide Orange were buried. The actual Agent Orange, initially stored at the Gulfport Seabee Base in the mid 1970s was not ever transported to Stennis, but was incinerated at sea.

What was buried at Stennis included wooden support racks, metal containers holding soiled clothing, bentonite, petroleum-based sludge, metal scrap and rubber tubing, all of which were potentially contaminated.

The second area of concern is known as the SSC Pesticides Operations Area, constructed in 1980 to support pesticide operations at Stennis, and discontinued in 1992. This area consists of a rock-reed filter system, a retention pond and an underground storage tank. The entire system and buried pipes were removed in 1995, and covered.

Pesticide application equipment was stored in Building 2501, and pesticides, such as Dursban and Roundup in ready-to-use form, were stored at Building 2502. In addition, a vehicle washdown facility was located at Building 2502, and the washwater drained to the underground storage tank, was treated in the rock-reed filter system and retention pond. The treated water was then released to the nearby Mike's River.

Since 1979, there has been exhaustive testing of possible soil and groundwater contamination by Foster-Wheeling Environmental Corp. of Virginia, which is under contract to NASA.

And, Cary Talbot, with the

U.S. Army Corps of Engineers Waterways Experimental Station in Vicksburg, was stationed at a computer, which showed that the area of contamination had not permeated the water table.

Capt. Casey Hackathon was also available to answer questions, since the U.S. Air Force is sharing the \$4.5 million estimated cleanup cost with NASA. The funds are already available in both agency's budgets, he said.

"We're committed to doing whatever needs to be done," said Hackathon.

Magee said, unless plans change, the strategy for the cleanup is two-fold.

NASA and the Air Force, have chosen source containment for Building 2502. This would involve removal of the contaminated sludge from the

building and disposal of the sludge at approved NASA facilities. Plans also call for construction of a barrier wall around each trench and covering the trenches with an impermeable cap.

To protect groundwater in the future, a passive treatment wall will be built with a series of thick cement and metal walls extending 30 to 50 feet down to the earth's clay layer. Contaminants would be degraded when passing through the treatment wall.

Magee said after the cleanup, the site will continue to be monitored for the next 30 years.

He said the project should be ready to put out to bid by next summer, with the actual cleanup beginning in August or September of next year.

Murtagh reports

BY ED LEPOMA

Hancock County Tax Collector-Assessor Eddie Murtagh says this was a banner year for tax collections.

Murtagh gave a report Monday to the Board of Supervisors and said all but \$63,000 of the \$18 million due in county taxes for 1998 has been collected. He said his office had received 1,794 bad checks, and charges would be filed in Justice Court to recover that money.

Murtagh said the August sale of property for delinquent taxes also brought a surprise.

"It's been one of the best (tax sales) in years," he said. He explained that a lot of people bid more than the taxes assessed on the delinquent property, so the county gets to keep \$42,388 that was overbid. Total revenue from the sale of property with delinquent taxes was \$725,238, he said.

Murtagh also got supervisors' approval to continue upgrading the county's land records with more aerial mapping. The estimated cost is \$27,546, and funds are available in his budget, he said.

Nan Ehrbright

The director...

BY BETSY GAGNET

"I like directing because lots of times I can't do something, but I know what I'm looking for," said Nan Ehrbright. "I'm a much better director than I am an actor."

Ehrbright was speaking during a break in rehearsal of the Bay St. Louis Little Theater's production of "Three tall women which she is directing. Written by Edward Albee, it is the first production of the play on the Coast.

"(It's about) three women at different stages of life coming to terms with the stages they're in, and how what happens in life changes what kind of person you are," said Ehrbright. "You can't help what happens to you, but what happens to you affects who you are."

As the title indicates, the play stars three actresses, each playing a different age woman. Chris Johnson of Pass Christian plays a 26 year old, Becky Rotundo of Bay St. Louis plays a 52 year old and Sandy Higdon of Waveland plays a 91 year old. Lann Owens of Pass Christian plays the only male role, an non-speaking part.

Ehrbright chose the play after it struck a chord with her when she saw it performed last year in New Orleans.

"You just can't do a good job directing when you're not enamored with the play," she said.

She added that the play is for mature audiences and not for children.

"All three roles are strong, heavy roles that give experienced actresses like these three a chance to explore and stretch their talents," she said.

Bay St. Louis Little Theatre to offer season tickets

The Bay St. Louis Little Theater will offer four plays this season, beginning with the Coast's premiere of Edward Albee's *Three Tall Women*, which runs Nov. 6, 7, 13, and 14, directed by Nan Ehrbright.

The season continues with the family play *The Hobbit* on Dec. 11, 12, 13, and 14, directed by Elaine Glover.

The musical, *Once Upon an Island*, will be presented Jan. 21, 22, 23, 29, and 30 under the direction of Bryan Vonder Bruegge.

The season finale is *Fools* directed by Ed Davis, which will be presented May 7, 8, 9, 14, 15, and 16.

Season tickets are \$28 for adults and \$18 for students. To order season tickets contact, the Bay St. Louis Little Theatre, 301 Boardman Ave.

STORY AND PHOTOS BY BETSY GAGNET

The first performance in the season series for the theater is Ed albee's Pulitzer Prize winning play, *Three Tall Women* directed by Nan Ehrbright of Bay St. Louis, featuring Beck Rotundo, Sandy Higdon and Chris Johnson. The actresses each had their own attraction to the play they will bring to life.

"Nan had told me about the play. I didn't like it at first," said Becky Rotundo, who plays a 52 year-old woman in the play. "It was disturbing because I guess it's where I am now in my life. But, reading it with the actresses shed a new light on it."

Rotundo said she is actually more comfortable directing than on stage, because she likes to see things come together.

Sandy Higdon, who plays a 91 year-old character, said acting is her love, having studied it in school.

"All my energy goes into acting and developing that character," she said.

Higdon had an entirely different reaction than Rotundo to the play.

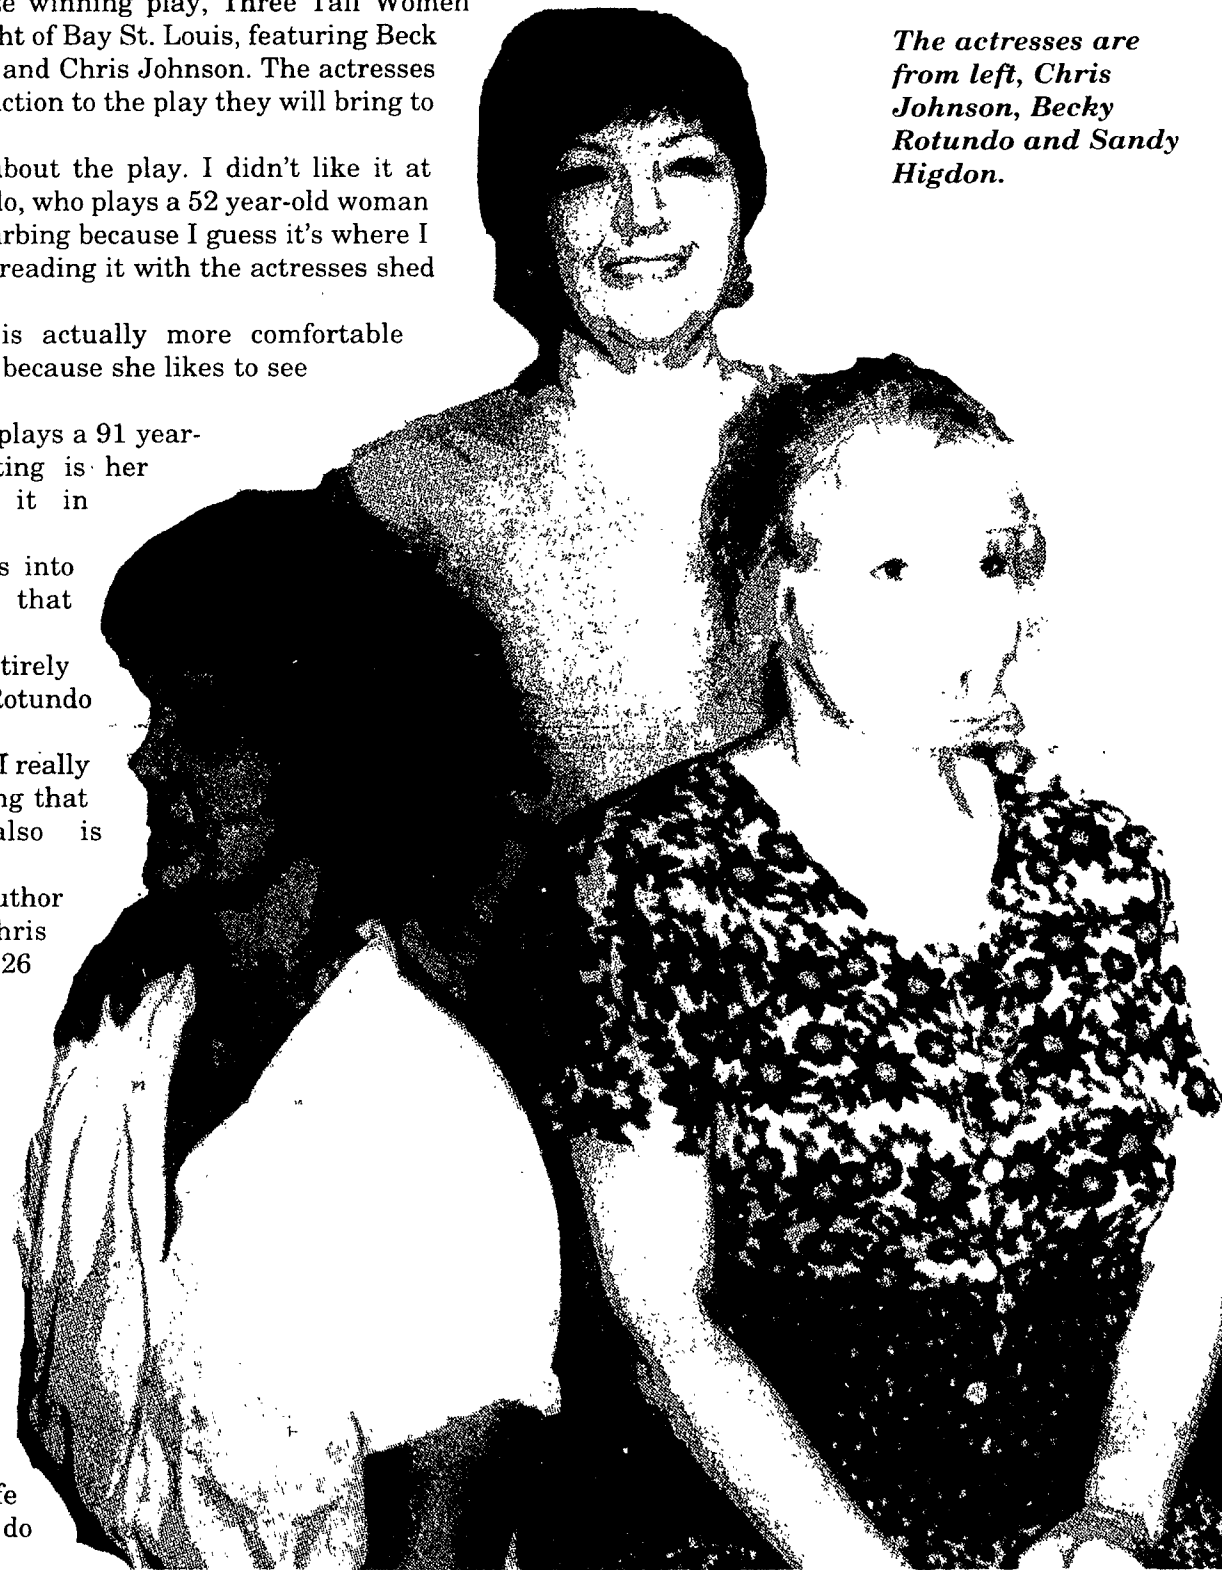

"I read the play and I really liked it," she said, adding that who is directing also is important.

It was the play's author that attracted Chris Johnson, who plays a 26 year old character.

"I've always been fascinated by Edward Albee. I saw a play he directed at the CAC," she said. "And, I've always wanted to do something serious."

Johnson has only been acting for five years, since moving to the Coast.

"It's something I've always wanted to do," she explained. "I'm doing things in my life now I always wanted to do so I won't regret it."

The actresses are from left, Chris Johnson, Becky Rotundo and Sandy Higdon.

Local artists prepare for Pass Christian Collage

For the first time, Pass Christian has combined its most popular traditional events into one weekend celebration scheduled Friday through Sunday, Oct. 16-18.

rodeo, Gulf Coast craftsmen, redfish release, New Orleans Aquarium of America's Aqua Van and ongoing demonstrations and activities, including diving and wetlands

Opening the weekend of celebration Friday will be Celebrate the Gulf at Pass Christian Harbor and the Festival of the Arts in Memorial Park on Scenic Drive.

From 10 a.m.-4 p.m. the next day, two major celebrations will take place simultaneously.

"Celebrate The Gulf" at Pass Christian Harbor will offer lively, hands-on exhibits including, but not limited to, sea kayaking demonstrations, first-hand check-outs of shrimp and charter boats, a kid's fishing

exploration.

With Bob Fairbank as chairman, it promises to be a spectacular event for the entire family with free admission and parking.

At the same time, Helen St. Paul will be directing her enthusiastic volunteers at the 5th annual Collage Festival of the Arts in Memorial Park on Scenic Drive. Forty area artists will show and sell their two-and three-dimensional work.

COLLAGE—PAGE 7B

Above, Dottie Heiss and Terry Scott met a few years ago when Dottie and her husband, Bob, moved to Pass Christian just across Bayou Mallini from Elmer and Terry Scott. They literally live next door to one another by water, but it's a mile and a half by car, so they do a lot of chatting across the narrow bayou. They became friends and explored the Gulf Coast together, finding a mutual interest in fine jewelry. Both will exhibit at the Collage. Left, Nell Heyns has been playing with clay for 48 years. The Diamondhead potter has been at her wheel ever since. She admits she didn't create much for six years beginning in 1989 when she and her husband Hugo lived on a forty-one foot sail boat. Today Nell has her pottery studio in her side yard. She is looking forward to participating in the Collage Festival of The Arts.

WHAT'S FOR LUNCH?

MENUS
OCT. 12-16
Chef Salad, Crackers,
Milk and Condiments
served daily

Bay St. Louis- Waveland School District

BREAKFAST
Monday — Breakfast Pizza, Cereal, Toast, Juice
Tuesday — Sausage Biscuit, Cereal, Toast, Juice
Wednesday — Muffins, Cereal, Toast, Juice
Thursday — Pancake and Sausage Stick, Cereal, Toast, Juice
Friday — No School

LUNCH
Monday — BBQ Chicken, Nachos Grande, Mashed Potato/Cheese, Calif. Veggies, Garden Salad, Orange Wedges, Applesauce, Fruit Cocktail, Yeast Roll.
Tuesday — Pepperoni Pizza, Ham and Cheese Pobo, Whole Kernel Corn, Green Peas, Glazed Carrots, Peach Slices, Mandarin Fruit Cup, Fresh Banana, Crackers, Pompeii Fruit Bar.
Wednesday — Red Beans and Rice with Sausage, Chicken Sandwich, Whipped Potatoes, Black Bean Salad, Seasoned Green Beans, Fruit Cocktail, Chilled Pears, Fresh Fruit Bowl, Yeast roll, Cinnamon Roll.
Thursday — Stromboli, Hamburger, Spicy Fries, Broccoli Cheese

Rice, Steamed Carrot Coins, Mandarin Fruit Cup, Peach Slices, Fresh Fruit Bowl, Crackers, Strawberry Jello
Friday — No School

Hancock High School

TOPS WAVELAND 233

TOPS MS #233 met Oct. 6 at the Waveland Public Library. Best loser was Sarah with 3 pounds. Karen N. was the best KOPS loser. Sarah won the gift, and the incentive award was won by Charlotte Charms were presented to Karen N. for losing 50 pounds and KIW Ruth, Debbie and Kathy were recognized for the time they have been KOPS. They each talked about how they became KOPS and what they do to keep the weight off. The next program will be presented by Juanita.

TOPS MS 233 meets every Tuesday at the Waveland Public Library. Weigh-ins are from 5-5:45 p.m. with the meeting following. Anyone interested in losing weight the sensible way and maintaining that weight loss is welcome to visit the TOPS chapter. Interested persons are invited to call Charlotte at 467-5790.

Gulf Coast Newcomers Club

The Gulf Coast Newcomers Club will meet Tuesday, Oct. 13 at the Holiday Inn Beachfront in Gulfport at 11 a.m. with lunch following at noon.

Any woman who has moved to the Coast in the past three years is invited to join. Call Elaine Friend at 867-9791 or Mary Ann Hubmann at 539-3153 for information.

Senior Citizens of Waveland

The Waveland Senior Citizens will meet Monday, Oct. 12 at 10 a.m. at the American Legion Post 77 on Coleman Avenue. For information, call 466-3910.

Friendship Oak Chapter DAR

The Friendship Oak Chapter, Daughters of the American Revolution, will meet Wednesday, Oct. 14 at 11:30 a.m. at the Great Southern Club in Gulfport.

Program topic will be "National Defense" with guest speaker Col. James Bridges, ret., Mississippi Air National Guard. For information, call 863-4824.

Take Off Pounds Sensibly

TOPS WAVELAND 307

TOPS Chapter MS 307 Waveland met Wednesday, Oct. 7 at the Waveland Public Library. Ten members were present. Olga was the week's best loser with 5½ pounds. Olga and Cyndi tied for best loser in September with 10½ pounds. Mary and Paula tied for runner-up best losers for September with 5½ pounds. Cyndi won the incentive award. At the next meeting members will choose a new secret pal. All members are encouraged to participate.

TOPS' web address is <http://www.tops.org> log on for loads of info. The weight loss chapter promotes enthusiasm, recognition, understanding and encourages sensible eating habits. Anyone interested is welcome to join.

The chapter meets every Wednesday at the Waveland Public Library. Weigh-ins are from 4:45-5:30 p.m. with the meeting following.

Anyone interested in losing weight the sensible way and/or maintaining weight loss is welcome to visit the chapter. Call Ruth at 467-2385 for information.

MILITARY MENTIONS

RODNEY LABROSSE

Rodney D. LaBrosse Jr. has joined the United States Army under the Delayed Entry Program at the U.S. Army Recruiting Station, Chalmette, La.

The program gives young men and women the opportunity to delay entering active duty for up to one year.

The enlistment gives the new soldier the option to learn a new skill, travel and become eligible to receive as much as \$40,000 toward a college education. After completion of basic training, soldiers receive advanced individual training in their career specialty.

LaBrosse will report to Fort Benning, Columbus, Ga., for basic training Dec. 30.

He is the son of Rodney D. LaBrosse Sr. of Clackamas, Ore., and Candice Meyers of Bay St. Louis.

SEAMAN LEWIS

Navy Seaman Keith E. Lewis, son of Everett and Deloris Lewis of Pass Christian, is currently halfway through a six-month deployment to the Western Pacific Ocean, Indian Ocean and Arabian Gulf with Strike Fighter Squadron 25, embarked aboard the aircraft carrier USS Abraham Lincoln.

The 1997 graduate of Pass Christian High School joined the Navy in July 1997.

AIRMAN DEDEAUX

Air Force Airman Desilyn E. DeDeaux was graduated from basic military training at Lackland Air Force Base, San Antonio, Texas.

During the six weeks of training, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who completed basic training earn credits toward an associate degree through the Community College of the Air Force. DeDeaux is the daughter of Pearl B. and Edward J. DeDeaux of Pass Christian.

She is a 1998 graduate of Pass Christian High School.

LT CMDR WHEAT

Navy Lt. Cmdr. Steven P. Wheat, a 1976 graduate of Bay High School, is currently halfway through a six-month deployment to the Western Pacific Ocean, Indian Ocean and Arabian Gulf aboard the aircraft carrier USS Abraham Lincoln.

PVT ISABELLE

Army Reserve Pvt. Chasity J. Isabelle was graduated from basic military training at Fort Jackson, Columbia, S.C.

During the training, the soldier received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, physical fitness, first aid and Army history and traditions.

Isabelle is the daughter of Sandra R. and Gary M. Isabelle of Pass Christian.

Friends to rebuild lighthouse

Twenty-six years ago, a stray ember destroyed a Mississippi Sound landmark. Now, thanks to a lot of help from some friends, the Ship Island Lighthouse will once again be a guiding light for Gulf of Mexico mariners.

A United States forestry Services crew resurrected a 100-year-old tradition by using a hand-held crosscut saw last week to fell Desoto National Forest loblolly pines donated by the Forestry Service as timber for the new lighthouse.

The tree-cutting commences official reconstruction of the Ship Island lighthouse marking the natural deep-water harbor at Ship Island discovered by Gulf South founding fathers d'Iberville and Bienville on Feb. 10, 1699.

The recently organized Friends of Gulf Islands National Seashore adopted the lighthouse reconstruction as the group's initial project to enhance and preserve one of the Coast's most treasured natural resources, the barrier islands.

The United States Naval Construction Battalion (Seabees), Friends of Gulf Islands National Seashore, and the National Parks and recreation Service will duplicate construction of the lighthouse according to the original architectural drawings.

Originally built in 1886, the 72-foot wooden Ship Island

lighthouse survived the ravages of 1969's Hurricane Camille -- a storm that cut Ship Island in half -- only to be reduced to ashes by a reckless campfire on June 27, 1972.

Help local charities hit the jackpot!

Enter Casino Magic's Charity Slot Tournament and receive a free buffet as well as your chance at \$1,000 in cash prizes! This special event will take place Monday, October 12 from noon until 3:30 p.m. Registration is between 9 a.m. and 11 a.m. in the front lobby. Your \$10 donation (no checks please) will benefit the Casino Magic Children's Support Project (Halloween Fund).

For details, see VIP Guest Services on the 2nd floor of the casino. 711 Casino Magic Dr. or call the Slot Tournament Hotline at 1-800-562-4425 ext. 4277.

WEDDINGS, ENGAGEMENTS

Mr. and Mrs. John Rutherford IV

Rutherford-Latino

Charlana Marie Latino of Franklin, Tenn., and John David Rutherford IV of Bay St. Louis were united in marriage June 20, 1998 in an afternoon ceremony in Our Lady of the Gulf Catholic Church in Bay St. Louis with Father Peter Mockler officiating. Soloist was Sandy Rhodes.

The bride is a daughter of Mr. and Mrs. Russell Latino Jr. of Franklin, Tenn.

The groom's parents are Dr. and Mrs. John D. Rutherford III of Bay St. Louis.

The bride was given in marriage by her father.

For the occasion the bride chose a white gown fashioned of beaded lace and featuring a chapel-length skirt of Italian silk. She wore a veil attached to a head band covered in pearls, and the lace part of the veil was outlined in pearls.

Matron of honor was Carva Latino King, and maid of honor was Hailey Davis.

Bridesmaids included Brandy Davis, Tatum Solis, Jill Rutherford and Brandi Hamblin.

Flower girls were Hannah Davis and Karleigh Kidd.

Best man was Dr. John D. Rutherford III.

Groomsmen included David King, Tommy Rutherford, Russell Latino III, J. E. Moran and Andrew Williams.

Ushers were Scott Morel, Kendrick, Ladner and Mike Murray. A reception followed the ceremony in Our Lady of the Gulf reception hall.

The couple will reside in Bay St. Louis.

50th anniversary

Herman and June Ladner of Pass Christian celebrated their 50th wedding anniversary Oct. 2, at Diamondhead Community Center, where renewal of vows were performed by Father Louie Loham and Father Bill Vollar, attended by Frank and Beverly Ladner. The evening included music from the couple's early days of marriage and a video scrapbook depicting the past 70 years with family and friends. The celebration was hosted by the couple's children and spouses, Herman Jr. and Debra Ladner, Judy and Rick Dyer, Jan and Buster Phillips, grandchildren Darren Ladner, Jill Ladner, Jana Phillips and Hunter Phillips and great-grandchildren Keazan Ladner and Kaiten Ladner.

Trench Awards to be presented in Bay St. Louis

The first Trench Awards will be presented by Archbishop-elect the Most Reverend and Rt. Hon. Montgomery Griffith-Mair, A.B., the 3rd Earl of Eldritch at Antioch, at the Anglican Chapel of Archbishop Robert Leighton (1611-1689) at 401 South Necaise Avenue, Bay St. Louis, Thursday, Nov. 5 at 1 p.m.

For additional information, call 228-466-2767.

City planning workshop scheduled

A one-day planning workshop will be sponsored by the cities of Bay St. Louis and Picayune for planning commissioners, administrators, planning staff and other personnel, Saturday, Oct. 24 at the Bay St. Louis Depot.

Workshop facilitators will be Planning Consultant Jimmy Gouras and Vicksburg Planning Director Ronnie Bounds.

Gouras, one of Mississippi's preeminent urban planning consultants, began his career in 1971 with the South Delta Planning and Development District in Greenville and is now self-employed with a client list that includes two dozen Mississippi cities and counties. Bounds has been planning director for the City of Vicksburg for the last 10 years.

"Their combined experience in a variety of areas will help

answer the questions many local planning commissioners have when considering the growing changes to the face of south Mississippi.

"We want to give this vital group of volunteers to city government the tools to make informed, strategic decisions, the results of which may affect our communities for many years," said Bay St. Louis Mayor Eddie Favre.

The workshop cost is \$30 per person and includes lunch. Participation is limited to 50 people. Attendance reservations must be made no later than 4 p.m. Wednesday, Oct. 21 to Mike Cuevas, director of cultural affairs, fax: 228-467-3905 or e-mail, depot@goldinc.com.

For information, call Cuevas at 228-463-7120 or Sue Chamberlain, planning director, City of Picayune, 601-799-0617.

Elephants and counting to highlight children's story hour

"Elephants" will be the theme for the children's story hour at the Bay St. Louis-Hancock County Library Wednesday, Oct. 14, at 10:30 a.m.

Program coordinator Susan Daigre will read *Elmer* and *Stand Back*, said the Elephant, *Im Going to Sneeze*. Children will also make Elmer the Elephant.

"Counting" will be the theme of the children's story hour at the Kiln Library Thursday, Oct. 15, 10:30 a.m.

Barney's Number Friends, *The Mouse Family*, 1, 2, 3 and *The Number 10 Duckling* are books to be read during the program.

Children will also receive a color sheet. The next story hours will be Thursday, Oct. 29 at 10:30 a.m.

Weekly story hours are held September through May. The Kiln Library hosts a story hour every other Thursday.

Programs and activities are designed for pre-school-age children three to five years old who are not part of a nursery or pre-school group.

For story hour information, contact Sandra Ladner, Kiln Library, 255-1724, or David Woodburn, Bay St. Louis-Hancock County Public Library at 467-5282.

FSA emergency loans for farmers available

Emergency loans for farmers, ranchers and operators are available through the Pearl River County Office of the Farm Service Agency, said Jackie D. Williams, FSA farm loan manager.

Williams said this authority is pursuant to Secretary Glickman's declaration on Aug. 6 of a major disaster in Louisiana, caused by devastating drought that occurred from March 15 through July 23, 1998, and continuing.

As a result of this disaster, Pearl River/Hancock counties as contiguous counties in Mississippi, are named as an area eligible for federal disaster assistance pursuant to Section 321 (a) of the Consolidated Farm and Rural Development Act.

Applications for assistance will be accepted by FSA through April 6, 1999.

FSA emergency loans cover losses from designated disasters and are made to qualified farmers who cannot obtain necessary credit.

Sally-Ann Roberts

Sally-Ann Roberts to sign at Bookends

Bookends Bookstore, 111 Hwy. 90, Bay St. Louis, will host Mississippi native and New Orleans anchorwoman Sally-Ann Roberts beginning at 1 p.m. Saturday, Oct. 17 for a signing of her book *Going Live: An Anchorwoman Reports Good News* (Pelican \$14.95).

Roberts coanchors the highest-rated local morning news program in the country and has discovered that amid the flood of reports of everyday

evils there is plenty of good news.

In her inspirational essays, she provides that not all angels have wings and plenty of miracles happen in the midst of catastrophe.

In addition, she provides invigorating exercises that help lead to a more spiritual life. Roberts is donating the proceeds from *Going Live* to the mentoring organization that she founded, "Each One Save One."

Ladner-Moran descendants have family reunion

Descendants and friends of Ora Ladner and Juanita Moran Ladner of Lakeshore are invited to a family reunion Sunday, Oct. 18 at the Smokehouse on Lower Bay Road in Lakeshore.

Each family is asked to bring a covered dish, their own drinks and chairs.

BSL community theater schedules auditions

Auditions for parts in two family-oriented productions have been set by Bay St. Louis Little Theatre at the Playhouse at 301 Boardman Avenue.

On Oct. 17, 2 p.m., director Elaine Glover welcomes men and women age 15 to 95 to try out for parts in "The Hobbit" by Markland Taylor, to be produced Dec. 11-13.

The Hobbit is a fantasy about a young and reluctant Hobbit who sets off with a band of adventurers to slay a dragon and recover a treasure. A magical show with fun for dreamers of all ages.

There are many small roles for those wishing to try their hands at acting and sword play. Some casting will be based on body types to act as large trolls and goblins; thin, ethereal elves; or very short dwarfs and hobbits. Also needed are volunteers to work on costumes and set construction/design. For information, call Glover at 467-5530.

Auditions are also set for Friday, Oct. 16 at 6 p.m. and Saturday, Oct. 17 at 10 a.m. for parts in the musical "Once on This Island," to be presented Jan. 21, 22, 23, 29 and 30.

The show, nominated for eight Tony awards in 1991, was written by Lynn Ahrens and Stephen Flaherty, the celebrated team also responsible for the music in the current Broadway hit, "Ragtime," as well as the movie "Anastasia."

St. Rock celebrates homecoming

St. Rock United Methodist Church is celebrating its 90th year homecoming Sunday, Oct. 11 at 3 p.m. at Gulfside United Methodist Assembly, 950 S. Beach Boulevard in Waveland.

Guest speaker will be the Rev. Roy London, pastor of St. Paul UM Church and Oak Grove Charge, Columbia, Miss. "Come share with us. All are invited," said St. Rock Pastor Donald Peters.

Dinner will be served.

Necaise reunion rescheduled

The Necaise family reunion, canceled by Hurricane Georges, is rescheduled for Oct. 25 at McLeod Park.

Family members are asked to bring a covered dish and utensils.

Church sets fall revival

Macedonia Missionary Baptist Church in Waveland will be having its annual fall revival starting Monday, Oct. 12 through Thursday, Oct. 15.

Speaker will be the Rev. Ronald Parker, pastor of St. Paul Baptist Church in Lyman.

For information, contact Cynthia Simpkins at 467-5354.

Little Zion Baptist announces revival

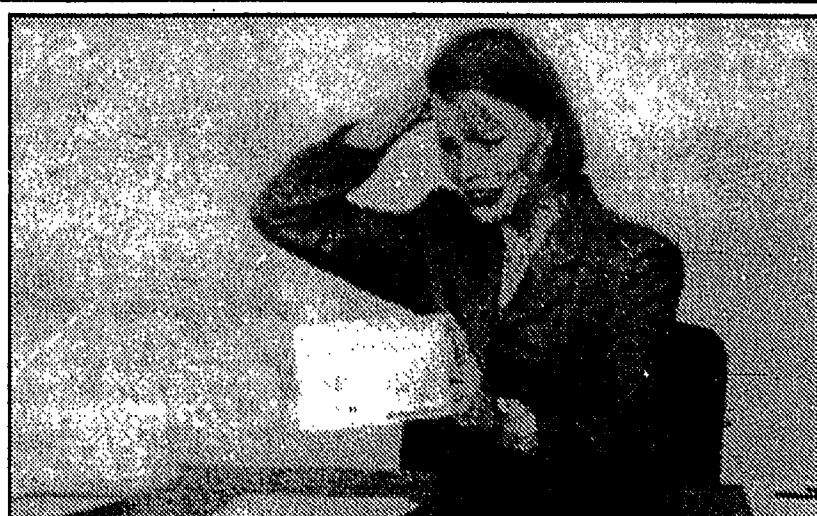

The Rev. Timothy J. Johnson, pastor of Little Zion Baptist Church, 510 Central and Baker streets, Waveland, announces a three-night revival, 7 p.m. nightly, at the church.

Wednesday, Oct. 21, speaker will be Elder Ronnie London, pastor of St. Mark in New Orleans and Second Baptist Church in Violet.

Thursday, Oct. 22, the message will be delivered by the Rev. Leonard Craft, pastor of Morning Star Baptist Church in Bay St. Louis; and Friday, Oct. 23, Elder Ronnie Crockett, pastor, Rock Church Ministries, New Orleans, will speak.

The labor pain no one talks about.

Performing the same task over and over everyday can put unnecessary strain on almost every part of your body. Your arms, shoulders, neck, and back can all be affected by constant repetitive motion. If you work a 9 to 5 job and are experiencing pain, talk to someone who can help. Because the pain you experience from labor, is the pain no one else wants to hear about.

Chiropractic... relief for labor pain.

Marine education
center reopens

The J. L. Scott Marine Education Center and Aquarium reopened to visitors Friday, one day after most employees at the neighboring Gulf Coast Research Laboratory returned to work in the aftermath of Hurricane Georges.

Both the Ocean Springs-based GCRL and the marine center in Biloxi emerged from the storm with little structural damage, according to Dr. Jay Grimes, director of the University of Southern Mississippi's Institute of Marine Sciences.

The marine research, education and public service facilities are campuses of IMS. All exhibits and displays of the MEC are intact. Cleanup continued on the J. L. Scott auditorium and the smaller annex building adjacent to the marine center.

More than a foot of water surged into the annex, and marine educators worked in the storm's aftermath to

remove mud and waterlogged teaching materials the storm left behind.

Storm damage at the marine center also included a satellite dish that provides a telecommunications link for live, interactive broadcasts.

Head Aquarist Buck Echesney said fish and animals on display were doing well, even though a generator powering air to the aquariums stopped during the height of the hurricane and was down for 24 hours.

At the GCRL campus, Hurricane Georges downed trees and power lines, destroyed a new pier, damaged some roofs, stripped the plastic covering from the greenhouse and toppled trees through the roofs of a small laboratory and a storage building.

Business Review

COAST C.V. JOINT & AXLE, INC.

Drive Axles

Steering Racks

The Coast C.V. Joint and Axle Center that you depend on in Long Beach has added another shop in Jackson County to better serve their customers. The shop is located in Pascagoula. It is primarily a wholesale, retail sale shop, but installation is available.

At both shops, you are guaranteed the highest quality products at the best possible prices. You can count on Coast C.V. Joint and Axle to handle all your axle and front wheel drive problems. If your front wheel drive vehicle is making a clicking noise, call the specialists at Coast C.V. Joint and Axle. The business remanufactures constant velocity (C.V.) joints for wholesale and retail customers. Coast can also supply complete front wheel drive assemblies, rack and pinion assemblies for both domestic and foreign vehicles, Bronco II drive shafts and any boot kit. Delivery service is available.

Owners, Harold Beinhauer and Tony Wagner said they can supply axles for about 99% of vehicles, both domestic and foreign. If the one you need is not in stock, Coast C.V. Joint and Axle will remanufacture yours.

Fast, same day service is available and all parts and labor are guaranteed. Coast C.V. Joint and Axle invites you to check prices and then, "Call us last." They will match or beat any legitimate price you find elsewhere.

The shop in Long Beach is located at 21219 Daughtery Road. Phone number 452-4649 or 1-800-530-7221.

Tom Johnston, left and Harold Beinhauer at Coast C.V. Joint and Axle can supply you with the part you need at the best possible price.

Forester advises residents on tree care after storm

By Mark A. Jamieson
Hancock County Forester

Once the streets are cleared and emergencies handled, assessment of three damage from Hurricane Georges will be in order for many residents and businesses.

The first priority in assessing the damage to a tree is to determine whether or not it is salvageable. If the tree has lost most of its major limbs or branches, it should probably be removed completely.

Trees that are salvageable should have jagged or torn stubs pruned back to the nearest healthy branch junction. Proper pruning is essential for aiding the tree's recovery and minimizing decay that would result in a weak point in the tree's structure later on. A proper pruning cut is made just outside the branch bark ridge and branch collar, the swollen areas where the branch begins. No stub should be left.

Painting the pruning cut is an unnecessary expense. Research has shown that tree wound dressings do not hinder decay nor prevent insect damage or disease. Its uses is primarily cosmetic, and therefore, if used at all, should be applied in only a thin layer.

Topping, or removal of the main trunk leader in the tree is not generally recommended. Wounds made in this manner cannot close over. The wound then results in decay and disease entering the trunk, again causing it to develop a weak structure. If a high value tree, one that provides a strategic function in the landscape, can

be saved temporarily by removing a main leader, the pruning cut should be made at an angle away from the large diameter secondary branch that could become the main leader.

Partially uprooted trees can often be saved. Especially young or small trees generally under 25 feet in height. First remove enough soil on the uprooted side so that the root mass can fit into the hole.

Straighten the tree, being careful not to break any additional roots and protect the bark where the rope or cable is attached. Stake the tree at a point 1/3 to 1/2 the height of the tree and replace the soil around the root ball. Check the support frequently to be sure it is not damaging the bark. The support may be removed when the root mass has settled, definitely after some growth in the spring.

For removal of downed trees or repair of damaged ones, a decision will have to be made on who will do the work. Tree work can be extremely dangerous and a tree care company should be considered if a tree is large and requires high climbing or the use of a chain saw, the tree is partially down, wires are involved or structures are endangered, major repair of the tree is necessary, large limbs are split or broken but still attached to the tree, or if you do not have the proper tools, knowledge or ability to do tree work.

Following a storm, it is common in some areas for people to show up at your door offering their services to remove or repair trees. Chances are the tree service companies who are

qualified to do tree work have plenty to do without soliciting door to door.

To be certain you are dealing with a professional, make sure the person is part of an established business in the community or nearby area, is listed in the phone book under Tree Service, is fully insured for property damage, personal liability and worker compensation, and ideally, is a member of a professional association of arborists.

Mississippi law provides for the licensure of tree surgeons by the Division of Plant Industry, Mississippi Department of Agriculture. Ask to see proof of their licensure. Unless the work needing to be done is an apparent, immediate hazard, the work can usually wait until a reputable firm is available.

If possible, it is wise to get more than one estimate on tree work. In the case of removals, have a clear understanding of who removes the limbs and debris from the property, and whether or not the price includes stump removal and clean-up.

Many of you will be burning the storm debris. Remember to have consideration for your neighbors. Smoke has adverse health effects on some people. Also be sure to maintain control of your fire. Clear an area down to minimal soil around the burning debris.

Many partially burned piles appear to be out, but later when the temperature goes up and the humidity drops (and you have gone to work for the day) the fire reignites and escapes. This endangers your own property as well as others. We made it through the storm, let's all be careful cleaning up.

Collage

Continued from Page 1B

Prominent among these are Jeanne Warner, Janet Reeves, Jenise McCardell, Dot Copleland, Kathe Calhoun, Kurt Salla, Nell Heyns, Sory Yager and Shirley Rames.

The festival also features music and other activities and gourmet luncheons catered by Myrna Negrotto will be served. The festival supports the Dot Hector Art Scholarship. Admission is free.

The fun continues Saturday evening as the Pass Christian Yacht Club holds a sundown race in front of the club for the L-16 fleet with a buffet dinner and entertainment in the clubhouse.

Prepaid reservations are required for the dinner. Co-chairmen Marian Simpson and Malee Hearin suggest early reservations as they are expecting this event to bring a "full house."

Sunday offers a "Tour of Beachfront Homes" and a continuation of the Festival of the Arts" in Memorial Park. Both events take place 10 a.m.-4 p.m. Admission is free. Lunch served at Festival of the Arts.

On Saturday and Sunday a trolley will take people from one event to another.

For information, call Pass Christian Chamber of Commerce, 452-2252, Ellie Brown.

St. Vincent Thrift Store

St. Clare Conference, Society of St. Vincent de Paul operates a thrift store, City Hall Annex, Coleman Avenue. It is open Tuesday, Thursday and Friday from 10 until 3, and Saturday, 10 a.m. until noon.

All proceeds benefit the needy regardless of race or religion. An information and referral service is available from 1:30 until 3:30 p.m. on Wednesday. For additional information, call 467-0703.

The "WORD" for the Week

Dennis J. Prutow, Box 303, Sterling, KS 67579

Jesus Christ empowers His body, the church, to follow the dictates of His heart. For this reason, churches must not be lukewarm in their dedication to Christ (Revelation 3:15-16). Christ must therefore dwell in the midst of His people by the power of His Holy Spirit.

The promises in this regard are very great and often repeated. "It will also walk among you and be your God, and you shall be My people" (Leviticus 26:12 and 2 Corinthians 6:16). "And lo, I am with you always, even to the end of the age" (Matthew 28:20).

Imagine Christ standing outside a church knocking to gain entrance. Would this be an oxymoron? Perhaps this is the picture given in Revelation 3:20? It is a statement to a church: "Behold, I stand at the door and knock; if anyone hears My voice and opens the door, I will come in to him and will dine with him and he with Me."

Christ may be at the door of the church for blessing or judgment. The apostle James gives us the latter picture. "Do not complain, brethren, against one another, so that you yourselves may not be judged; behold, the Judge is standing right at the door" (James 5:9).

God grant us churches with doors open to Christ, indwelt by Christ, rich in His blessing and full of His power.

Faith Assembly sponsors country fair and revival

Faith Assembly of God Church, corner Hwys. 603 and 43 in Kiln, is sponsoring an Olde Time Country Fair and Revival Oct. 15-17 on the church grounds.

Featured evening speaker will be Dr. Kevin Harrison, associate pastor of Christian Education and Youth at First Assembly of God in Garland, Texas.

"Kevin's gospel presentation is energetic and exciting," said Stanley Pritchett, pastor of Faith Assembly of God Church in Kiln.

A full lineup of music, family activities and food is scheduled for the fair and revival from 4-7 p.m. Oct. 15 and 16 and all day Oct. 17.

Featured singers are Earth People, God's New Wine and Steve and Leah Duncan.

Fair recreational activities include pony rides, train rides, petting zoo, dunking tank and spacewalk.

"There is no entrance fee, and all races, churches, denominations are invited to participate," said Pastor Stanley Pritchett.

"Participants will only need money for food, sale items and some of the amusements."

The fair schedule is as follows:

Thursday and Friday (Oct. 15 and 16), 4-9 p.m. (Revival begins at 7 p.m. each night with speaker Dr. Kevin Harrison.)

Saturday (Oct. 17), 10 a.m.-9 p.m. (Revival begins at 7 p.m., with speaker Dr. Kevin Harrison.)

For information, call the Rev. Pritchett at 255-2567.

Gulfside Assembly features Bishop Leontine T. C. Kelly

The public is invited to come and hear Bishop Leontine T. C. Kelly, the only African-American woman elected bishop in the United Methodist Church, bring the message at Gulfside Assembly's 75th Anniversary Celebration of "One Thousand Women in White," Saturday, Oct. 31 at 4 p.m.

"Become a part of history as Women In White will 'Walk in the Light,' re-enacting a 1940's journey that actually took place at the Schools of Christian Mission," said a spokesman.

There will be a march and communion on the beach, and only women will march. The Rev. Cynthia Wilson-Felder will be soloist.

Registration is required for morning worship and praise, health workshops, women authors, women's books, children's global praise session and picnic.

Gulfside Assembly is located 950 South Beach Boulevard in Waveland. For information, call (228) 467-4909.

BIRTHS

LILIAN NICOLE GAINNEY

Tiffany and Gray Gainney of Bay St. Louis announce the birth of their first child, Lilian Nicole, Oct. 5, 1998 at 12:10 p.m. at Hancock Medical Center in Bay St. Louis.

She weighed 7 pounds, 13 ounces.

Maternal grandparents are Patricia Kingston of Bay St. Louis and Gordon Campbell of Gulfport.

Paternal grandparents are Polly and Robert Gainney of Rockingham, N.C.

Great-grandparents include Al Kingston of Bay St. Louis and Dorothy Williams of Chiminally, S.C.

DANIELLE ELIZABETH GLENN

Daniel Glenn and Lezlie McNeill of Kiln announce the birth of their first child, Danielle Elizabeth, September 29, 1998 at 9:23 p.m. at Hancock Medical Center in Bay St. Louis.

She weighed 6 pounds, 1 ounce.

Maternal grandparents are Lawrence C. McNeill and Ilene E. Sheridan of Pearl River, La.

Paternal grandparents are Vera Necaise, Bob McNeill and Marie McNeill.

DAMION LAWRENCE HOLLIMAN

Terria Anderson and Keith Holliman of Gulfport announce the birth of their first child, Damion Lawrence, September 29, 1998 at 2:36 p.m. at Hancock Medical Center in Bay St. Louis.

He weighed 7 pounds, 2 ounces.

Maternal grandparents are Debbie and Bill Anderson of Bay St. Louis.

Paternal grandparents are Jannette and Oliver Holliman of Gulfport.

Great-grandparents include Rachel and Sidney Holliman. Damion is welcomed by his sister, Shyla Ann Anderson.

CECILIA PATRICIA HAMMONS

Billy Ray Hammons and Patty Greer of Bay St. Louis announce the birth of their third child, Cecilia Patricia, October 1, 1998 at 10:32 a.m. at Hancock Medical Center in Bay St. Louis.

She weighed 7 pounds, 2 ounces.

Maternal grandparents are Mr. and Mrs. Jesse R. Greer of Starkville, Miss.

Paternal grandparents are Mrs. Lorene Lewis of Bay St. Louis and the late Fred Hammons.

Cecilia is welcomed by sister Samantha Greer and brother Jesse Hammons.

JOEL SCIPIO JR.

Mr. and Mrs. Joel Scipio announce the birth of their second child, Joel Jr., October 4, 1998 at 7:18 p.m. at Hancock Medical Center in Bay St. Louis.

He weighed 7 pounds, 6 ounces.

Mrs. Scipio is the former Maria L. Lisbon.

Maternal grandparents are Johnny and Eloise Lisbon of Lynchburg, S.C.

Paternal grandparents are the late Joseph and Mary Scipio of Darlington, S.C.

Joel is welcomed by his sister, LaMonica.

Let God Help You

Quite often, when we are facing a difficult task, we forget to ask God for His help.

In the Gospel of Mark, when Jesus fed 5000 men, He asked His apostles to go and see how much bread they had. After the apostles realized that they only had five loaves and two fishes, I am sure they wondered how they would feed so many. The apostles did their part, and Jesus took care of the rest; they fed the multitudes, and had baskets of food left over.

When we ask God to help us in whatever job we have to do, if we do our part, God will always do His. We have only to ask and we will receive. God wants to be involved in every aspect of our lives, and we should call upon the name of the Lord, and let Him help us.

If you ask me for anything in my name, I will do it

TRAVEL & ENTERTAINMENT

Muster recreates Civil War history

The rich Civil War history of the Gulf Coast will be recreated at the 12th annual Beauvoir Fall Muster Oct. 17-18.

Cosponsored by Beauvoir, the Jefferson Davis Home and Presidential Library, and the Jefferson Davis Legion reenactment organization, the event will bring the 1860's to life through the staging of a variety of both military and civilian activities.

Like previous musters, this year's event will include popular activities such as informal camp tours, military drills, tactical demonstrations and the perennially favorite skirmishes between Union and Confederate troops.

Participatory activities, such as 19th century dance lessons and children's games are on tap, as are interpretive talks from such diverse historical person-

alities as Varina Davis and Chaplain Father James Sheenan.

A special aspect of this year's muster will be performances by the 8th Regiment Band, Georgia Volunteer Infantry. A recreated Confederate brass band, which played for the opening of the Jefferson Davis Presidential Library, will perform on both Saturday and Sunday. Tapes of their music will be available for purchase.

The muster will also feature expanded and more diverse visitor shopping opportunities. Beauvoir's Stars and Bars Gift Shop will hold a Civil War "garage sale" with special prices on items ranging from books and prints to jewelry and collectibles.

Sutler's Row will offer period-type merchandise varying from ball gowns and bonnets to can-

teens and carbines. A new vendor section will feature special books, prints and dioramas representing the Confederate era.

"The activities at Fall Muster," according to Beauvoir's executive director, "are designed to appeal to all ages, as well as a wide variety of interests. Individuals, families and groups are invited to enrich themselves through first-hand exposure to the area's Confederate heritage."

Visitors can spend the day or the entire weekend as food service is available on site and religious services will be held.

An outdoor mass will be conducted Saturday by Bishop Joseph Howze of the Diocese of Biloxi, while a 19th century-

style church service will be held on Sunday. The public is invited to attend these and all other muster activities.

Muster hours at 9 a.m.-5 p.m. on Saturday and 9 a.m.-4 p.m. on Sunday. Admission rates, good for both days, are \$7.50 adults, \$6.75 for seniors (65 and over) and activity military, and \$4.50 for students (6-16). Special rates for groups of 20 or more are available by prearrangements.

Beauvoir is a national historic landmark property of the Mississippi Division, United Sons of Confederate Veterans. It is located at the intersection of Hwy. 90 and Beauvoir Road in Biloxi.

Wild gardens tour

Saturday, Oct. 17, 1-4:30 p.m., the Crosby Arboretum will offer a fun-filled afternoon of tours to learn about native plants.

Arboretum Curator Bob Brzuszek will lead the tour to a private garden, a plant nursery and an Arboretum Natural Area.

All locations are within 20 miles of the arboretum. First stop is a private garden artfully landscaped with native plants.

Next stop is Pastorek's Plants That Work, a nursery and garden filled with native plants. Finally, the tour will go to Mill Creek, one of the arbore-

tum's most beautiful natural areas, to hike through the fall colors of the beech-magnolia woodland.

By reservation as space is limited. \$15 arboretum members, \$20 non-members. Meet at the arboretum ticket booth to car pool to the sites.

The Crosby Arboretum, Mississippi State University is in Piquette. Take I-59 to Exit 4 and follow the signs, or from the Gulf Coast, take I-10 to Exit 20 and proceed north on Hwy. 43 to Piquette.

For reservations or for information, call (601) 799-2311, ext. 21.
